

We Are Hiring!

Aquatic Biologist / Pond & Lake Manager

Job description

Aqua Link is a nationally recognized water resources company specializing in pond and lake management and the manufacturing of pond and lake aeration systems. Aqua Link is seeking a qualified individual to work out of our Bucks County, PA office as an Aquatic Biologist / Pond & Lake Manager.

This is a very unique opportunity for a qualified individual, who enjoys the outdoors and wants to study, manage, and restore ponds, lakes, and streams. At least three plus (3+) years experience in managing ponds and lakes preferred.

Salary & Compensation

- \$50K to \$80K+ (actual salary based upon experience)
- Company paid health, dental & vision care
- Three (3) weeks paid vacation
- Company paid retirement plan

Job Duties

Responsibilities for this position are as follows:

- Onsite consultation with pond and lake customers
- Controlling nuisance algae & aquatic plants in ponds & lakes
- Stream, pond & lake water quality monitoring
- Performing fishery surveys using nets & electrofishing equipment
- Lake water depth and aquatic plant mapping
- Installing artificial fish habitats
- Installing water fountains & aeration systems
- Maintenance of water fountains & pond & lake aeration systems
- Water quality data entry & analysis & report preparation
- Assembly of pond & lake aeration systems as needed

Skills & Qualifications

Skills & qualifications that are either required or desirable for this position:

- 3+ years experience in managing ponds and lakes
- 4 year college degree or higher in environmental sciences, biology or similar curriculum required
- Course work in limnology, fisheries management, and aquatic plant ecology highly desirable
- Good writing, communication, and organizational skills are required
- Experience in the use of aquatic algacides & herbicides (pesticides)

Send Resume & Cover Letter to: employment@aqualinkinc.com

More about us @ www.aqualinkinc.com

- Experience in the identification of algae and aquatic plants
- Experience with YSI water quality meters a plus
- Experience in fisheries management including electrofishing a plus
- Experience with Microsoft Office (Word, Excel and PowerPoint) required
- Experience in operating & trailering boats a plus
- Experience in repairing & maintaining small engines & outboard motors a plus
- Experience in applying aquatic pesticides, aquatic plant ID, performing fishery assessments, and installing/repairing water fountains

Other Requirements

- Must be passionate about the outdoors - especially ponds and lakes
- Must love being around the water - paddle boarding, boating and/or fishing
- Must have valid driver's license & clean driving record
- Must be physically fit & able to lift 50+ pounds routinely
- Must be willing to work 8+ hour work day during the summer season when needed
- Must be able to work independently in the field on ponds and lakes
- Must be willing to travel and stay overnight occasionally in the Poconos
- Must be comfortable in boats and around the water
- Must be able to swim

Aqua Link offers its employees highly competitive salaries plus excellent benefits including company bonuses, retirement plans, vacation and sick time, health insurance, and dental insurance. Salary will commensurate with education and experience.
