19	Life events (birthday, wedding, baby...)
20	Beautiful gifts for any occasion
22	Fun themes

General information

Cookie class at Tunde's Sugar Art Studio

My cookie classes are designed to be a fun, relaxing activity. I provide all the tools and supplies needed for the class and participants will go home with a beautiful set of cookies.

The class is a step-by-step instruction with audio-visual equipment to make sure all participants can easily follow every single step.

The class duration is a little unpredictable, because the goal is for everyone to finish the project. The number, the skills and the experience of the participants will define the time needed to finish the cookies. Most classes are 2-3 hours.

I have a few quick projects available (around 1 hour) they will be marked: 

Experience needed for the classes

All skill levels are welcome at these cookie decorating classes. I will give a difficulty rating for each class so participants know what to expect.

However, if you see a class you absolutely love, but it seems intimidating, go for it! I will guide you through every step so you can make the cookies you love.

Beginner: basic techniques, simple design. Great for first time decorators.

Intermediate: more complicated techniques and/or more steps.

Advanced: some piping skills and experience will definitely help.

Logistics

Address: 1106 Adams Street, Bowling Green, Kentucky

Parking: please use the 3rd row of the big parking lot of the Houchens Center across the street

When reserving a class, give me the three digit number and the title of the class.

For private parties you are welcome to bring your own snacks and drinks.
