Glass Pool Tile

AQUABELLA

AQUABELLA LLC ("AQUABELLA") is a nationwide authority with glass and porcelain tile products. Our company has deep expertise in the industry, with a constant focus on both innovation and service.

COLOR AND SHADE VARIATION:

PLEASE NOTE: Glass and ceramic tile can feature shifts in color and tone - from smooth and subtle, to wide swings and variations. Any naturally occurring shifts are part of the inherent beauty of our tile. Please be sure to inspect physical samples to ensure the correct tile selection. Tiles can be graded on the following guide:

V2 = SLIGHT VARIATION: Clearly distinguishable differences in texture and/or pattern within similar colors.

V3 = MODERATE VARIATION: While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.

V4 = RANDOM VARIATION: Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

Also available in 6"x6" Single Bullnose
