Team Consumer Chanakya received a consumer complaint for his Hyundai car i-20 towards the company Hyundai & Dealer in South Delhi. The diesel car engine seized because of the negligence of dealer leading to the cost of approx. 1,00,000/-(one lac) demand from the consumer.

Before the case came to Consumer Chanakya the consumers car was hanging in the service station for a month. As the team Consumer Chanakya took the case it was resolved for just Rs 10,000/- (ten thousand). The entire case including the repair work was resolved in 5 days. The dealer accepted it's fault and the consumer agreed to make a small payment saving Rs 90,000/-.

We do not just post consumer complaints, we personally in a professional way work on the complaints.
