

Youth Construct

Building the next generation of construction professionals.

Partner With Us!

OUR PURPOSE

We provide NYC youth in underserved communities with access to careers in construction, architecture and engineering.

Currently based in Harlem, we are developing a pipeline of highly qualified construction professionals that are sourced straight from our local high schools.

OUR PROGRAM

Training

6 months of classroom and field training for 2-3 hours per week.

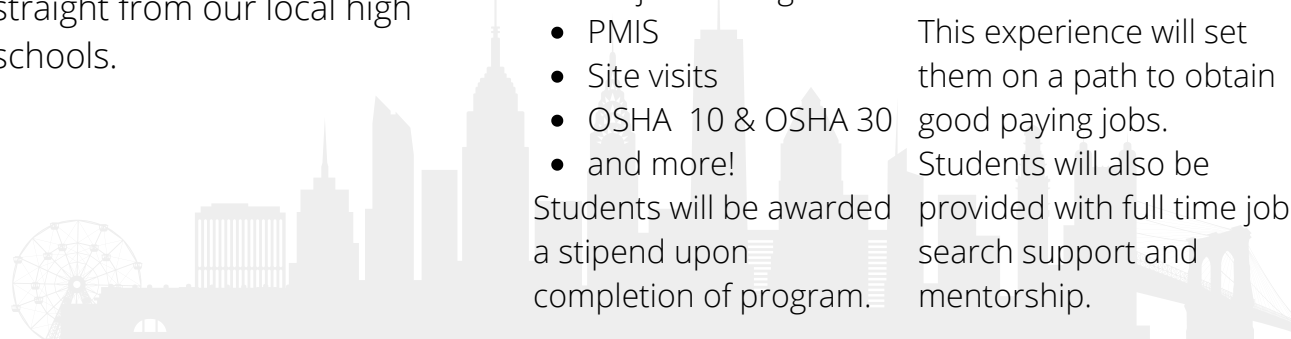

- Training scope includes
- Construction administration
 - Project management
 - PMIS
 - Site visits
 - OSHA 10 & OSHA 30
 - and more!

Students will be awarded a stipend upon completion of program.

Internships

3 month paid internship with one of our partner firms.

Students will have the opportunity to work for industry leaders in the construction business. This experience will set them on a path to obtain good paying jobs. Students will also be provided with full time job search support and mentorship.

We are a 501 (c)(3) tax-exempt nonprofit!
