

The BASE Foundation funds vital programs and projects which support and advocate youth asset development along with parenting programs that emphasize parenting skills.

These programs are critical to the development of youth and parents in our community. Over the last few years, BASE has awarded over \$20,000 in grants, scholarships and sponsorships for these purposes.

Brighton Area Schools Education Foundation

The Foundation for Building Youth Assets

Who we are. . .

The BASE Foundation stands for Brighton Area Schools Education Foundation, but it also symbolizes Building, Advocating, Supporting and Encouraging effective asset building in our community's youth. Established in 1985 as a tax-exempt, charitable organization, BASE is funded through individual and business contributions and is managed by a Board of Trustees who serve without pay and are dedicated to helping support a community-wide goal of raising and nurturing kind, giving, compassionate, educated responsible youth.

Our Mission

To fund vital programs and projects which support and advocate youth asset development along with parenting programs that emphasize parenting skills.

Our Purpose

Although independent of the Brighton Area Schools system, the BASE Foundation awards educational grants to teachers and service organizations to benefit the Brighton community.

BASE has adopted the 40 Developmental Assets® created by the Search Institute as its guide in determining grant eligibility. These 40 Developmental Assets® have become the most widely used approach to positive youth development in the United States and consist of 40 common sense, positive experiences and qualities that help influence choices young people make and help them become caring, responsible, successful adults.

Having the Developmental Assets® has been shown to:

Protect youth from high-risk behavior

Enhance healthy development and positive values

Promote school success and self-esteem

Build family support and relationships
