

Let's start by introducing ourselves. We are The Octavian Foundation for the Arts, or better known as The New Octavians. We are a nonprofit performing arts academy located in Seville Plaza in Hammond. We strive to serve our community by promoting excellence in the arts, supporting our fellow thespians, and providing opportunities to all members of our community. Our organization provides educational activities for youth and adults in performing arts, culminating live stage productions for the viewing pleasure of audiences of all ages. Our goal is to provide quality instruction and first-class performances. In addition to our live stage productions, we are committed to the education of the arts by offering lessons, classes, and camps for voice, piano, acting, and dance. While providing these opportunities is a passion of all of our volunteers at the studio, we still need the help and support of our community.
