## DEAR POTENTIAL SPONSOR,

The Octavian Foundation for the Arts, or more simply The New Octavians, need your help!

## WHO ARE WE?

The New Octavians is a non-profit performing arts academy in Hammond that offers music and theater education, and community theatre. We strive to serve our community by promoting excellence in the arts in supporting our fellow thespians, and in providing opportunities in the arts to all members of our community. The purpose of our organization is to provide educational activities for youth and adults in the area of performing arts, culminating in live stage productions produced for audiences of all ages who live in Tangipahoa Parish and Northshore surrounding areas. We offer voice, piano, acting, and dance lessons as well as classes. It is our plan to produce live stage productions in the performing arts.. Our goal is to provide quality instruction and first class performances. In addition to stage productions, we are committed to offering education through lessons, classes, and camps.

## WHY SHOULD YOU DONATE?

Individuals can gain a wide range of advantages from learning performing arts, including the ability to think creatively, innovate, and respect others from different cultures and origins. People are encouraged by this to express their emotions, use their imagination, and find their own distinctive voices. In order to boost someone's confidence and help them enjoy self-expression, each of the arts of music, dance, and theatre engages their brain, body, and emotions in unique ways. Numerous studies have also found that those who participate in the performing arts perform better in their academic courses, and since they build confidence and have better communication skills, they are more equipped to succeed in whatever job path they choose as young adults.

## OUR ACCOLADES
