Our coffee

Franks True Brew is the coffee that we are proud to pour. Roasted locally on the coast, Frank is passionate about his coffee and with our sensational baristas it should have you craving a second cup!!

About BamVino....

SLICED at GREENPOINT

Our Green Point venue is all about meeting the needs of the local community - from morning to night! The morning shift is about the opportunity to relax over a coffee whilst also grabbing something small (or even a little more substantial) to eat whilst basking in the sun. We open from 6am Mon to Fri and 8am on Saturday.

We only use coffee roasted by Franks True Brew, a local coffee guru who combines exquisite flavour balance and length in his roasting. You can drink guilt free knowing they also donate all profits from their roasting to charity. Our Barista's then take over to create the moreish and balanced brew that will have you craving more!!

Our food is prepared fresh with only the highest quality ingredients. We will often vary our menu to suit seasonal produce and flavours that we think are super delicious.

At 5PM we move to our night shift. Here's where we offer our famous Pizzas for takeaway or dine in. The same great Pizzas that we create at Bamvino Pizza & Wine at Erina Heights are now an easy option for those nights when you don't feel like cooking at home! Open Weds to Sun from 5pm

WHY NOT ALSO CHECK OUT BAMVINO CELLARS at GREEN POINT & EAST GOSFORD

With international experience in the wine industry and a real passion for finding great wines at great value, it was only a matter of time before the owners - Jan & Grant - ventured into top quality cellars. We offer a great experience, with knowledgeable staff and an amazing selection of boutique beers, hand crafted wines and top shelf spirits. Green Point is the flag ship store with a tasting room that holds up to 30 people and the full range of products on display. The East Gosford store offers convenience and a great range of products that are also sure to impress.

Whether you're a wine or beer novice or consider yourself to have an established palate, come on in and say hello. We believe we will offer a great experience to everyone who comes our way.

AND OF COURSE THERE IS THE FAMOUS BAMVINO PIZZA & DELI at ERINA HEIGHTS

Erina Heights is where it all started in 2014 – the vision was to bring a venue to the Coast that combined great food, a great value wine list, good service and an atmosphere to match. Our exquisite Tapas menu followed by our unique gourmet pizzas were an instant success. The Deli next door was an exciting expansion which offered a vast array of fine foods, cheeses, meats, dips, spreads etc etc. Some call it foodie heaven!

And don't keep the amazing culinary experience to yourself. We also offer the chance to spread the Bamvino taste sensation through our bespoke corporate and special occasion hampers. Designed and decorated to your unique needs, we can create hampers filled full of delightful gourmet treats and high quality wines, spirits or craft beers to make the perfect gift.
