COST

\$125 ESC Members
\$250 Non-ESC Members

REGISTER www.wesc.k12.in.us

WHAT TO BRING

Laptop, Can-Do Descriptors: Key Uses for your grade level (cluster), Sample of Access Scores (or W-APT)

Are you ready to be more knowledgeable about the WIDA Standards and Tools?

The Indiana English Language Development Standards (WIDA) meet the requirements of the No Child Left Behind Act of 2001 by providing a framework for standards-based instructional and assessment planning for English language learners so that they may attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging Indiana academic content and student academic achievement standards as all children are expected to meet.

Many teachers and administrators have attended WIDA 101 and/or introductory WIDA sessions, but now it's time to DIG DEEPER and really get comfortable with looking through the WIDA "lens." This professional learning opportunity will do just that and provide time for application. Learning intentions for the day include:

- Refreshing your WIDA knowledge base
- Continuing to build knowledge of WIDA Standards and Framework of tools including: Can Do Descriptors (Key Uses), Features of Academic Language, Performance Definitions and using MPIs as a tool for differentiating instruction
- Continuing to apply elements of building a student portfolio and incorporate ELL socio-cultural influences

This workshop was developed by the Education Service Centers of Indiana. We hope you will join us for this very important and relevant session!
