

Join regional curriculum consultant, Bonnie Jo Kelley, in this two-day session intended for classroom teachers and other school personnel interested in mapping their instruction to **the Indiana Academic Standard K-12 in all subject areas.**

Participants will learn how to:

- Examine the *Indiana Academic Standards* to determine the *Depth of Knowledge* required in each standard
- Identify the *level of instruction* required for each standard
- Break the standards into quarters, determining which standards should be *initially taught* and which should be *mastered* each quarter
- Learn strategies to support *higher-order thinking and differentiation* for each standard
- Learn strategies for integrating the *Literacy Standards* into all *content areas*
- Develop daily/weekly/monthly *mapping charts*
- Develop *formative and summative assessments* to match the standards
- Design *units of study* for each quarter
