What is the Hoosier Shared Digital Collection?

The Hoosier Shared Digital Collection (HSDC) is a statewide shared digital collection of K-12 titles and professional materials available to ANY Indiana K-12 school. The HSDC was created because of a severe need for a low-cost solution in IN to gain access to an extensive, age-appropriate collection without any yearly renewal fees, for fear of losing access to purchased content. Each year, customized grade-level packages will be curated by the HSDC Title Selection Committee (a group of K-12 Indiana Librarians) that will select titles based on Indiana students and educators’ specific needs.
