

# Our MISSION

At Second Nature at Reads Creek, we are passionate about creating timeless outdoor sanctuaries and keeping your outdoor spaces looking great. Known for our artistic, plant-centered designs, we will create a unique space that will be the envy of the neighborhood. You don't have to settle for what everyone else has. Let us help you step outside the box!

We strive to create a flawless customer experience, from the first phone call to the final walk-through of a project. Using the highest quality plants hand-picked by the designer, our team of hard-working professionals will bring your vision to life.

Creating & Maintaining Your  
Outdoor Sanctuaries

[SecondNatureAtReadsCreek.com](http://SecondNatureAtReadsCreek.com)

## WE DESIGN, INSTALL & MAINTAIN:

- Backyard sanctuaries with natural, plant-focused designs
- New ponds, pondless waterfalls, fountains and other water features
- Patios and retaining walls
- New home landscaping projects
- Complete landscaping remodels
- Existing home landscaping additions & enhancements
- Commercial properties
- Tree planting & mulch delivery also available

## DIY HELP IS AVAILABLE!

- Pondless waterfall & fountain kits available
- Plan with a Pro - pay for a custom design & plant list, then do your own planting

## *The Design Process*

- Fifteen minute phone consult at no charge
- On-site assessment, budget discussion & design consultation
- Focus on natural, unique, zone-hardy, artistic plant selection
- Design rendering & comprehensive bid proposal
- Final plant, stone, and/or water feature selection
- On-site installation by hard-working, professional crew
- Ongoing communication throughout installation
- Jobsite work completed
- Final walk-through
- Maintenance plans available

## *Maintenance Plans*

- Fifteen minute phone consult at no charge
- On-site assessment, budget discussion & job overview
- Spring/fall clean-ups or monthly maintenance available
- Services include weeding, bed maintenance, lawn repair, weed management, mulching, edging, plant specific pruning, fertilizing, and a watchful, trained eye for pest and disease issues
- Job cost varies based on size of project, frequency, and number of crew members
