THE READS CREEK SUNDIAL PRESERVATION PROJECT

GOAL: To repair, restore and preserve a local iconic landmark in order to increase tourism and share the history and character of the people of the Driftless region, while creating a beautiful Driftless destination for all. The projected cost for the project is \$45,290.

Second Nature at Reads Creek

REPAIR & RESTORE

- Work with area experts to repair damage from 2016 flood
- Use a crane to position sundial back to true north

EDUCATE & INSPIRE

- Design and install signage to share the story of the sundial, and the land and people of the Driftless
- Create a welcoming garden for visitors with seating around the sundial
- Collaborate with tourism groups to develop the sundial as a Driftless landmark

MAKE AN IMPACT

- Donations go toward the repair, restoration and enhancement of this iconic landmark
- Leave a legacy: Generous donations from individuals, businesses or organizations will be recognized with their name as part of a permanent engraving in the garden installation
