Kimberly

"Exceptional from start to finish! From the very beginning, this team exceeded every expectation. They built our pool, outdoor fireplace, kitchen, and pool bath, and the attention to detail throughout the entire process was second to none. Every tile line, every brick, every finish was executed with true craftsmanship and pride in their work. What stood out most was their commitment to doing things right — if I noticed even the smallest imperfection, they were quick to address it without hesitation or pushback. Their willingness to fix anything and everything until it was perfect gave me total confidence in both the process and the final result."

"Lake Creek Pools truly exceeded our expectations. They delivered the most professional and seamless pool build we've ever experienced. The owner, Dylan, was exceptional and provided clear guidance throughout the entire process. He was always available to answer any questions we had, ensuring our complete satisfaction. We are truly impressed and can't express our gratitude enough for their exceptional service."

Stacy

"Dylan told us our pool would take four weeks to complete and I will admit I was skeptical. I had watched friends and neighbors pools take three months. Well Dylan was right!!!!! Not only was he right but he was onsite with each new crew, he was always accessible for questions that we had throughout the process. Dylan made this process so easy. The materials that he used were top notch and we feel 100% confident that we have a quality pool that will last us a long time. We are so impressed with Dylan and Lake Creek Pools. We highly recommend!!!!!"
