

# The Monthly SPLASH

May 1, 2025

## MAY MAINTENANCE

## LAKE CREEK POOLS

May is here, and that means it's officially pool season! Whether you've already taken your first swim or are just getting ready to dive in, this month is all about **preventive maintenance** to keep your pool clean, clear, and safe all summer long.

Here's what we're focusing on in service visits this month.

### Full Water Chemistry Check

As temperatures rise and usage increases, your pool chemistry needs extra attention. We're monitoring chlorine, pH, and alkalinity closely to prevent algae blooms and keep your water safe.

### Filtration

We're inspecting your filtration system and making sure filter cleanings are scheduled as needed. Spring pollen, blossoms, and windy days can lead to extra debris that puts stress on your pool's filtration, so staying ahead of it is key.

### Water Level Adjustments

Heavy rain or evaporation? Either way, we're making sure your water level is right where it needs to be for proper circulation and skimming.

### Equipment Checks

From pumps to heaters to timers, early detection of wear or malfunctions can save you from mid-season breakdowns.

### How You Can Help Between Visits:

- **Skimming and Emptying Skimmer Baskets** if you see excessive pollen or leaves between visits.
- **Let us know** if you notice cloudy water or algae starting to grow.
- **Schedule** filters to be cleaned. Contact us today for pricing!

## REDEFINING OUTDOOR LIVING

### *Pool Remodel Ideas for Summer!*

**New Tile & Resurfacing** – Refresh your pool's look with modern tiles and smooth surfaces.

**Pool Lighting** – Set the mood with LED color lights for evening swims.

**Updated Pool Deck** – Upgrade to stylish pavers or stamped concrete.

**Energy-Efficient Equipment** – Save on bills with new pumps this summer!

### **Water Features & More!**

**Ready to transform your pool?** Contact us today to discuss your remodel options!

Partnered with Brands you can Trust!
