

Windmere Road District Committee Meeting

July 5, 2018 - at Jim Witte's home.

Meeting called to order at 7:00 pm

Members Present – Jim Witte, Kevin Segrud, Ron Senne, Dave Jorgenson, Ray Formanek

Guest Present – Donna Witte, Delos Hibbard

Purpose of the meeting is to discuss and select a bid for crack sealing and repair of the streets.

Two bids were received, Simon and Clemmons Asphalt Maintenance.

Discussion centered on what needed to be done. Cracks in the road, along the edges with the concrete curb and places where holes or area needs to be filled to improve water drainage.

Motion Senne/Jorgenson To accept the bid from Clemmons Asphalt Maintenance. Passed 5-0

A few members will walk the streets selecting areas that need to be filled to improve drainage and fix holes. This will be shared with Clemmons.

A schedule to make repairs over a period of days to accommodate parking was discussed. Will discuss this with Clemmons. Ask that excess sand and gravel to be removed before repairs begin.

Kevin will call bidders to let them know of our decision.

Motion to adjourn. Passed.
