

ECO SURFACE CLEAN

Eco Surface Clean is a green heavy duty cleaner and degreaser formulated for concrete & asphalt surfaces. It is non-toxic, non-flammable and biodegradable.

MADE IN THE USA

USES:

ECO Surface Clean is formulated to clean concrete and asphalt surfaces.

ECO Surface Clean and power washing is strongly advised to prepare the

bonding surface! To ensure a lasting repair with strong adhesion, you must apply the **HMI RM Primer**, prior to the installation of the **HMI Repair Mortar** family of products.

Application Instructions: Dampen the surface, spray undiluted ECO Surface Clean, with a pump sprayer, scrub solution into the surface with a stiff bristle brush. Allow solution to penetrate for 5 to 10 minutes. Do NOT allow the solution to dry on surface. POWER WASH the scrubbed solution, until ALL cleaner residue is removed. Failure to remove the ECO Surface Clean could act as a bond breaker.

WARNING If Swallowed: May be harmful: Drink large quantities of water. DO NOT induce vomiting.

Wash hands, face and any exposed skin thoroughly after handling. Wear protective clothing, gloves, eye & face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing. **IF eye irritation persists: Get medical attention. IF SKIN irritation occurs: Wash with soap and water. Call a POISON CENTER or doctor if you feel unwell.** Dispose of container in accordance with local, state, and federal regulations.
