MISSION CITY COMMUNITY NETWORK-NONPROFIT COMMUNITY CLINIC

"A Community Health Network"

Mission Statement: "To provide, advocate and model quality health care and social services for the uninsured and low-income families in the communities of Southern California"

A Message from the President/CEO

Happy new year to all of you!

We all hope that 2019 will bring more happiness and joy to you all. We are all advocating for the thousands of Federal employees who are furlough due to

partial federal shutdown and hope that the stalemate will end soon.

Apparently the federal and state landscapes do not seem to be improving, making it more difficult for our patients to access affordable health care — including eliminating penalties for not having insurance, public charge issues, and many changes coming in the new year, including to the reimbursements by federal, state and county regulators. However, we also welcome our new governor's proposal for a "single payer" system in California that will give access to health care for all Californians.

MCCN is pleased to receive one year grant from HRSA to increase patients receiving substance abuse disorder, behavioral health expansion and medication-assisted treatment (MAT). This will enable MCCN to add more staff and give access to the patients who are struggling with various substance abuse and behavioral health issues.

New MCCN Santa Monica Clinic

Mission City Community Network, Inc. announces the opening of its new clinic in Santa Monica Boulevard. The clinic is conveniently located at 5300 Santa Monica Blvd., Suite 202, Los Angeles, CA 90029. The clinic is now open offering primary care and other health services to the underserved community in the area. New patients are welcome! For more information please call (818) 895-3100.

MCCN Holiday Toy Giveaway for MCCN Children and their Families

In celebrating the Holiday Season, Mission City Community Network conducted the annual Toy Giveaway in San Fernando Valley Region in partnership with partner providers from Care1st and BlueShield California. More than 100 children patients benefitted and received toys on December 18th at the corporate office in Sepulveda clinic. MCCN CEO Nik Gupta spearheaded the event and wishing all the children and their families a happy and a wonderful Holiday season

MCCN at Angel City Celebration

The Los Angeles County Parks and Recreation and Rotary Club of Los Angeles welcomed Mission City Community Network to the 2018 Angel City Celebration on December 8th at Frank D. Roosevelt Park in Los Angeles. The LA County Parks and Recreation estimated more than 3000 local residents participated in the event with support of hundreds of volunteers.

This year there are total of 32 exhibitors, nine of them including MCCN provide health care services and the rest offer useful information and resources to the families in South LA.

MCCN Booth: Marjorie Heller, 2018 Angel City Event Chair together with MCCN Staff Pedro Ramirez and Michelle Torres.

ABOUT MCCN: Mission City Community Network (MCCN), a nonprofit 501(c)(3) corporation, has a 30 year history of providing culturally competent and age-appropriate medical, dental, and mental health services to low-income and medically underserved individuals of Southern California. MCCN is renowned and respected for delivering comprehensive healthcare that is of the highest quality in a culturally sensitive and linguistically appropriate manner. MCCN provides healthcare services on an open-access basis to all families and individuals seeking health services regardless of race, group affiliation, age, gender, or the patient's ability to pay. MCCN operates under a Patient Centered Medical Home (PCMH) model of service delivery.
