A Message from the President/CEO

Mission Statement:

"To provide, advocate and model quality health care and social services for the uninsured and low-income families in the communities of Southern California."

While we look forward to celebrate the 4th of July and enjoy the day with family and friends, we often forget the reasons for celebrating. Whether it's watching fireworks or simply getting the day off, 4th of July allows us to contemplate on the things we do as Americans and the effects we have on our communities and the patients we serve. With all the recent news lately, it's important to remember that our country is truly a nation of immigrants which made this country great. At MCCN, our staff - many of which are immigrants themselves - truly believes in the diversity of the communities we serve. We take pride in serving immigrants and their families, and sharing with them the wealth of this country

2018 Day at the Capitol with MCCN In Sacramento

Mission City Community Network President/CEO Nik Gupta and Outreach Director Pedro Ramirez participated in the 2018 Day at the Capitol (DAC) on April 25th in Sacramento. The Day at the Capitol is an annual event that welcomes clinicians, directors, patients and health center advocates to Sacramento to engage with legislators and legislative staff about budget and legislative priorities impacting community health centers.

2018 DAC event was a success. Community Clinic Association of Los Angeles County (CCALAC) and Community Health Association of Inland Southern Region staff and representatives from Members and Affiliate organizations including Mission City Community Network met with Senators and Assembly members.

About Us Program Grant Partnership For MCCN - MaCES Wellness Center

Mission City Community Network is partnering with ETR (Education, Training and Research, the California School-Based Health Alliance (CSHA) and San Diego State University (SDSU) to develop and test a new curriculum for teens that is focused on building healthy relationships. Maywood Center for Enriched Studies (MaCES) is one of seven schools in California that are participating in this unique opportunity to evaluate the effectiveness of this new curriculum.

About Us is an innovative healthy relationships intervention that promotes positive adolescent romantic relationships and use of condoms and highly effective contraceptives if having sex. The program includes 10 lessons that blend group-based activities with online activities implemented in school-based health centers (SBHCs).

MCCN CEO/President Nik Gupta signed the Memorandum of Understanding for MCCN participating health center to be supported and funded by About Us – ETR project for 2 ½ years starting school year 2018-2019.

About Us – ETR Program Partners Offsite Visit/Meeting at MaCES: (L-R), Pedro Ramirez, MCCN Outreach Director, Mr. Gabriel Duran, MaCES Principal, Stephanie Guinosso, ETR Senior Research Associate, Amy Ranger, CSHA Executive Director and Emily Greenstadt, SDSU About Us Study Project Manager.
