

TABLE OF CONTENTS

DOMAIN I.	INSTRUCTION AND ASSESSMENT: COMPONENTS OF LITERACY
COMPETENCY 1.0 ORAL LANGUAGE	1
Skill 1.1	Knows the basic linguistic patterns and structures of oral languages, such as continuous and stop sounds and coarticulation of sounds..... 1
Skill 1.2	Demonstrates knowledge of stages and milestones in acquiring oral language and of relationships between oral language development and the development of reading 1
Skill 1.3	Knows how to plan, implement, and monitor age-appropriate instruction that is responsive to individual students' strengths, needs and interests and is based on ongoing informal and formal assessment of individual students' oral language development 3
Skill 1.4	Applies knowledge of instructional progressions, methods and materials that build on and support students' oral language skills, reflect students' cultural and linguistic diversity and are based on a convergence of research evidence..... 4
Skill 1.5	Knows how to provide systematic oral language instruction using language structures and pronunciations commonly associated with standard English..... 5
Skill 1.6	Demonstrates knowledge of delays or differences in students' oral language development and when such delays/differences warrant further assessment and additional intervention 6

COMPETENCY 2.0 PHONOLOGICAL AND PHONEMIC AWARENESS 8

- Skill 2.1 Demonstrates knowledge of expected stages and milestones in acquiring phonological and phonemic awareness and of relationships between phonological and phonemic awareness and reading acquisition..... 8
- Skill 2.2 Knows how to plan, implement, and monitor age-appropriate instruction that is responsive to individual students' strengths, needs and interests and is based on ongoing informal and formal assessment of individual students' phonological and phonemic awareness 9
- Skill 2.3 Applies knowledge of instructional sequences, strategies, and materials that reflect cultural and linguistic diversity, are based on a convergence or research evidence, and promote students' phonological and phonemic awareness..... 12
- Skill 2.4 Knows how to provide systematic age-appropriate instruction and reinforcing activities to promote the development of students' phonological and phonemic awareness..... 16
- Skill 2.5 Demonstrates knowledge of delays or differences in students' phonological and phonemic awareness and when such delays/differences warrant further assessment and additional intervention 22

COMPETENCY 3.0 CONCEPTS OF PRINT 23

- Skill 3.1 Demonstrates an understanding of the development of concepts of print and knows how to model and teach concepts of print 23
- Skill 3.2 Demonstrates knowledge of the elements of the alphabetic principle, including graphophonemic knowledge, and the relationship of the letters in printed words to spoken languages 25
- Skill 3.3 Demonstrates knowledge of expected stages and patterns in students' developing understanding of the alphabetic principle and implications of individual variations in the development of this understanding 27

TEACHER CERTIFICATION STUDY GUIDE

Skill 3.4	Knows how to plan, implement and monitor instruction that is responsive to individual students' strengths, needs and interests and is based on ongoing formal and informal assessment of individual students' understanding and application of the alphabetic principle	39
Skill 3.5	Applies knowledge of instructional strategies and materials that reflect cultural diversity, are based on a convergence of research evidence, and promote students' understanding and application of the alphabetic principle	40
Skill 3.6	Knows how to provide systematic instruction and reinforcing activities to promote students' understanding and application of concepts of print and the alphabetic principle	40
Skill 3.7	Demonstrates knowledge of delays or differences in students' understanding of and ability to apply concepts of print and the alphabetic principle and when such delays/differences warrant further assessment and additional intervention	41

COMPETENCY 4.0 WORD IDENTIFICATION

42

Skill 4.1	Demonstrates knowledge of word identification strategies and strategies for reading words	42
Skill 4.2	Demonstrates knowledge of skills and strategies for confirming word pronunciation and/or meaning when reading words in context	47
Skill 4.3	Demonstrates knowledge of expected stages and patterns of development in the use of word identification strategies, implications of individual variations in development in this area	42
Skill 4.4	Knows how to plan, implement and monitor age-appropriate instruction that is responsive to individual students' strengths, needs and interests and is based on ongoing informal and formal assessment of individual students' word identification skills	56
Skill 4.5	Applies knowledge of instructional strategies and materials that reflect cultural diversity, are based on a convergence of research evidence, and promote students; understanding and application of word identification skills	56
Skill 4.6	Knows how to provide systematic instruction and reinforcing activities to promote students' word identification skills, including the use of increasingly complex, connected text	56

TEACHER CERTIFICATION STUDY GUIDE

Skill 4.7	Demonstrates knowledge of delays or differences in students' development of word identification skills and strategies and when such delays/differences warrant assessment and additional intervention.....	57
-----------	--	----

COMPETENCY 5.0 FLUENCY..... 59

Skill 5.1	Recognizes the components of reading fluency, and demonstrates knowledge of the relationship between fluency and reading comprehension.....	59
-----------	---	----

Skill 5.2	Demonstrates knowledge of expected patterns of development in reading fluency, implications of individual variations in the development of fluency.....	60
-----------	---	----

Skill 5.3	Knows how to plan, implement, and monitor age-appropriate instruction that is responsive to individual students' strengths, needs and interests and is based on ongoing informal and formal assessment of individual students' reading fluency.....	63
-----------	---	----

Skill 5.4	Applies knowledge of instructional strategies and materials that reflect cultural diversity, are based on a convergence of research evidence, and promote students' reading fluency	64
-----------	---	----

Skill 5.5	Knows how to provide systematic instruction and reinforcing activities to promote students' reading fluency	64
-----------	---	----

Skill 5.6	Demonstrates knowledge of delays or differences in students' reading fluency and when such delays/ differences warrant further assessment and additional intervention.....	65
-----------	--	----

COMPETENCY 6.0 COMPREHENSION..... 66

Skill 6.1	Knows a variety of comprehension theories/models (transactional, interactive, metacognitive, socio-psycholinguistic, constructivist) and their impact on instructional strategies	66
-----------	---	----

Skill 6.2	Identifies student factors that affect reading comprehension.....	72
-----------	---	----

Skill 6.3	Applies knowledge of textual factors that affect reading comprehension.....	73
-----------	---	----

Skill 6.4	Applies knowledge of contextual factors that affect students' reading comprehension	83
-----------	---	----

TEACHER CERTIFICATION STUDY GUIDE

Skill 6.5	Demonstrates knowledge of literal, inferential, critical, and evaluative comprehension skills and knows how to provide instruction to promote students' literal, inferential, critical and evaluative comprehension.....	93
Skill 6.6	Demonstrates knowledge of characteristics of specific texts and genres and strategies for reading a variety of texts and genres	95
Skill 6.7	Knows how to plan, implement, and monitor age-appropriate instruction that is responsive to individual students' strengths, needs, and interests and is based on ongoing informal and formal assessment of individual students; reading comprehension strategies	99
Skill 6.8	Applies knowledge of instructional strategies and materials that reflect cultural and linguistic diversity, are based on a convergence or research evidence, and promote students' reading comprehension skills	101
Skill 6.9	Knows how to promote students' comprehension skills by providing them with multiple opportunities to listen to, read, and respond in various ways to a wide variety of fiction and nonfiction texts	94
Skill 6.10	Knows how to promote students' ability to apply strategies that facilitate comprehension before, after, and during reading, including metacognitive strategies	105
Skill 6.11	Demonstrates knowledge of delays or differences in the development of students' comprehension skills/strategies and when such delays/differences warrant further assessment and additional intervention	106
COMPETENCY 7.0 VOCABULARY		111
Skill 7.1	Recognizes the importance of teaching and modeling the use of a . wide range of general, technical, and specialized vocabularies	111
Skill 7.2	Identifies student factors that influence vocabulary development.....	112
Skill 7.3	Knows how to plan, implement, and monitor age-appropriate instruction that is responsive to individual students' strengths, needs and interests and is based on ongoing informal and formal assessment of individual students' vocabulary knowledge	113

TEACHER CERTIFICATION STUDY GUIDE

Skill 7.4	Applies knowledge of age-appropriate instructional strategies and materials that reflect students' cultural diversity, are based on a convergence of research evidence, and promote and accelerate students' vocabulary knowledge.....	114
Skill 7.5	Knows how to promote and extend students' vocabulary knowledge by providing systematic age-appropriate instruction and reinforcing activities.....	115
Skill 7.6	Knows which strategies to use before, during, and after reading to facilitate students' vocabulary development	115
Skill 7.7	Demonstrates knowledge of age-appropriate strategies to teach students effective use of resources for vocabulary development.....	117
Skill 7.8	Knows how to promote students' vocabulary development and knowledge by providing them with multiple opportunities to listen to read and respond in various ways to a wide variety of fiction and nonfiction texts	118
Skill 7.9	Demonstrates knowledge of delays or differences in students' vocabulary development and when such delays/differences warrant further assessment and additional intervention	119

COMPETENCY 8.0 WRITTEN LANGUAGE 120

Skill 8.1	Recognizes the reciprocal nature of reading and writing, the similarities and differences between spoken and written language, and the relationships among listening, speaking, reading and writing	120
Skill 8.2	Demonstrates knowledge of the developmental continuum of students' written language, including milestones in physical and/or cognitive processes	122
Skill 8.3	Knows how to create an environment in which students are motivated to express their ideas through writing and how to use age-appropriate instructional strategies and sequences for developing students' writing throughout the writing process.....	123
Skill 8.4	Applies knowledge of instructional strategies for developing students' meaningful writing for a variety of audiences, purposes, and settings	125

TEACHER CERTIFICATION STUDY GUIDE

Skill 8.5	Applies knowledge of instructional strategies for developing students' writing in connection with listening and speaking and in response to reading	128
Skill 8.6	Knows how to provide students with opportunities to self-assess their writing and elicit critiques of their writing from others	130
Skill 8.7	Knows how to model the use of writing conventions and appropriate grammar and usage to communicate clearly and effectively in writing and to reinforce students' use of writing conventions and appropriate grammar and usage	132
Skill 8.8	Demonstrates understanding of the role of spelling and graphophonemic knowledge in reading and writing, factors that affect students' spelling, the stages of spelling development and how and when to support students' development from one stage to the next, and procedures for providing systematic spelling instruction	132
Skill 8.9	Applies knowledge of the benefits of technology for teaching writing	135
Skill 8.10	Knows how to formally and informally monitor and assess students' writing development, including their use of writing conventions, and how to use assessment results to develop focused instruction that is responsive to students' strengths, needs, and interests to reinforce students' writing skills	136
Skill 8.11	Demonstrates knowledge of delays or differences in students' writing and spelling development and when such delays/differences warrant further assessment and additional intervention	137

DOMAIN II.

INSTRUCTION AND ASSESSMENT: RESOURCES AND PROCEDURES

COMPETENCY 9.0 ASSESSMENT 138

Skill 9.1	Demonstrates knowledge of the reciprocal nature of assessment and instruction and uses multiple and varied reading assessments before, during, and after instruction to monitor progress and design and modify instruction.....	138
Skill 9.2	Applies knowledge of the characteristics, advantages, and limitations of types of reading assessment and their uses in monitoring and evaluating student progress in the components of reading	140
Skill 9.3	Uses information from reading assessments for various purposes.....	150
Skill 9.4	Knows how to identify students' independent, instructional, and frustrational reading levels and listening comprehension and to adjust instruction to accelerate student learning.....	152
Skill 9.5	Applies knowledge of a variety of methods for assessing students' reading, study, and inquiry skills across content areas.....	155
Skill 9.6	Demonstrates knowledge of instructional strategies that promote students' use of self-assessment to enhance literacy development	155
Skill 9.7	Analyzes factors that may impact student performance on various types of assessment.....	156
Skill 9.8	Applies knowledge of assessment-related concepts and issues and common standardized testing terminology in selecting and using assessments and interpreting results	158
Skill 9.9	Knows state and federal requirements related to reading assessment and diagnosis	161
Skill 9.10	Applies skills for communicating to various stakeholders the results and instructional applications of formal and informal assessments	161
Skill 9.11	Knows grade-level expectation for literacy and when delays or differences in language and literacy development warrant referral for additional evaluation or intervention	162

COMPETENCY 10.0 INSTRUCTIONAL METHODS AND RESOURCES 163

Skill 10.1	Knows about state and national standards and requirements that relate to reading and writing curriculum and instruction.....	163
Skill 10.2	Knows how to develop systematic, sequential age-appropriate literacy instruction that reflects content and performance standards, components of a comprehensive literacy program, students' strengths and needs, and a convergence of research evidence	163
Skill 10.3	Applies knowledge of educational theories that underlie instructional practices and components of effective instructional design.....	168
Skill 10.4	Applies knowledge of instructional methods and resources to provide effective literacy instruction that addresses various student dialects, learning preferences and modalities.....	171
Skill 10.5	Knows how to select materials and provide instruction that promotes respect for cultural and linguistic diversity and fosters all students' literacy development	172
Skill 10.6	Knows how to implement effective instructional strategies that focus on specific literacy components and identifies specific short-term and long-term interventions to address student needs in each component.....	173
Skill 10.7	Identifies appropriate strategies for addressing the literacy needs and accelerating the achievement of students who are reading below grade level.....	174
Skill 10.8	Recognizes the value of using flexible grouping to promote literacy growth for all students and knows how to assist other educators in implementing flexible grouping	176
Skill 10.9	Knows how to evaluate, select, and incorporate various types of reading materials, including children's and young adult literature, expository texts, and other instructional materials for a range of reading levels, purposes, and interests	178
Skill 10.10	Knows how to support students' learning in all content areas by teaching them to apply various strategies for comprehending expository and narrative texts and by promoting their acquisition and use of study and inquiry skills.....	179

TEACHER CERTIFICATION STUDY GUIDE

Skill 10.11	Knows how to promote students' comprehension, literary response and analysis using various genres	182
Skill 10.12	Knows how to design and implement instruction in interpreting, analyzing, and evaluating information and how to use media to produce visual images, messages, and meanings	191

DOMAIN III. MEETING THE NEEDS OF INDIVIDUAL STUDENTS

COMPETENCY 11.0 INSTRUCTION FOR ENGLISH LANGUAGE LEARNERS..... 192

Skill 11.1	Demonstrates knowledge of expected stages and patterns of first- and second-language learning and issues and concepts related to the transfer of literacy competency from one language to another	192
Skill 11.2	Applies knowledge of issues and procedures in assessing English language Learners' reading strengths and needs, and when to collaborate with other specialists to aid in assessment	193
Skill 11.3	Applies knowledge of how to develop systematic, sequential age-appropriate reading instruction that is based on a convergence of research evidence and that is responsive to individual students' strengths, needs, and interests	199
Skill 11.4	Knows how to work with other professionals in selecting and using appropriate formal and informal assessments of English Language Learners and in planning effective literacy instruction, including selecting instructional materials and strategies that reflect cultural diversity	200
Skill 11.5	Knows how to work with other professionals to plan, implement, and monitor instruction that reflects an awareness of appropriate instructional progressions and that facilitates students' transfer of oral language skills and literacy from their primary language to English while maintaining literacy in their primary language.....	201
Skill 11.6	Applies strategies for collaborating with teachers, specialists, parents/guardians, students, and administrators to promote and maintain English language Learners literacy in English and their primary language.....	202
Skill 11.7	Recognizes the importance of distinguishing between language differences and reading disabilities and knows when additional assessment or intervention is needed	236

COMPETENCY 12.0 INSTRUCTION FOR STUDENTS WITH READING DIFFICULTIES, DYSPLEXIA, AND READING DISABILITIES.....204

Skill 12.1	Applies knowledge of the characteristics and instructional implications of reading difficulties, dyslexia, and reading disabilities in relation to the development of reading experience	204
Skill 12.2	Knows about state and federal laws, regulations, guidelines, and procedures regarding assessment and provision of services for students with reading difficulties, dyslexia, and reading disabilities	204
Skill 12.3	Knows how to work with other professionals to select and administer appropriate informal and formal assessments of students with reading difficulties, dyslexia, and reading disabilities and analyze results to plan effective literacy instruction that is responsive to individual students' strengths, needs, and interests	205
Skill 12.4	Uses results from formal and informal assessments to determine when in-depth evaluation and additional intervention are warranted	205
Skill 12.5	Applies knowledge of convergent research about practices for providing effective literacy instruction to students with reading difficulties, dyslexia, and reading disabilities, including both prevention and intervention strategies.....	205
Skill 12.6	Uses assessment results to design age-appropriate instruction that promotes reading skills and strategies by building on strengths and addressing needs of students with reading difficulties, dyslexia, and reading disabilities	208
Skill 12.7	Applies strategies for collaborating with teachers, specialists, parents/guardians, students, and administrators to promote literacy for individual students with reading difficulties, dyslexia, and reading disabilities	211
Skill 12.8	Knows how to monitor and evaluate the effectiveness of an intervention and how to determine when additional or alternative interventions are appropriate	217

DOMAIN IV. PROFESSIONAL KNOWLEDGE AND LEADERSHIP

COMPETENCY 13.0 THEORETICAL FOUNDATIONS AND RESEARCH-BASED CURRICULUM218

Skill 13.1	Demonstrates knowledge of major theories of language acquisition, reading, cognition, and learning and how they relate to approaches and practices in literacy instruction.....	218
Skill 13.2	Analyzes the impact of physical, perceptual, emotional, social, cultural, linguistic, environmental, and intellectual factors on learning, language development, and reading competence	218
Skill 13.3	Demonstrates knowledge of the significance of the interactions among the reader, the text, and the content of the reading situation	218
Skill 13.4	Knows the role of societal trends and technological innovations in shaping literacy needs.....	218
Skill 13.5	Applies knowledge of convergent research on reading and literacy instruction for all students, and identifies sources for locating information about convergent research on reading and literacy instruction	221
Skill 13.6	Applies knowledge of the foundations of basic research design, methodology, and application to critically review research on reading and to select research findings for the purpose of improving reading instruction	223
Skill 13.7	Knows how to prepare written documentation of literacy assessment data, analysis of instructional needs, and accommodations for instruction	224

COMPETENCY 14.0 COLLABORATION, COMMUNICATION, AND PROFESSIONAL DEVELOPMENT.....225

Skill 14.1	Demonstrates knowledge of how to use leadership, communication, and facilitation skills and strategies to effect positive changes in the school reading program and literacy instruction	225
Skill 14.2	Demonstrates knowledge of principles, guidelines, and professional ethical standards related to collegial and professional collaborations, and applies skills and procedures for facilitating effective interactions among groups and individuals to improve literacy instruction for all students	226
Skill 14.3	Knows how to communicate research findings and make recommendations based on a convergence of research evidence to colleagues and the wider community.....	226
Skill 14.4	Knows how to communicate local data and information related to literacy issues and, when appropriate, make recommendations to district staff and community stakeholders.....	226
Skill 14.5	Applies strategies for working with other educators to involve parents/guardians in cooperative efforts to support students' reading and writing development.....	227
Skill 14.6	Knows how to use local data to identify and prioritize professional development needs and provide sound professional development experiences that address the needs of participants, are sensitive to school constraints, and use multiple indicators to monitor and evaluate the effectiveness	228
Skill 14.7	Demonstrates knowledge of strategies for facilitating positive change in instructional practices through professional development and for working with other educators to initiate, implement, and evaluate professional development and its impact on instructional practice	228
Skill 14.8	Applies knowledge of procedures for effectively mentoring and coaching educators to promote the successful implementation and sustained application of instructional practices addressed in professional development.....	229
Skill 14.9	Knows how to expand knowledge of literacy through a variety of professional activities and recognizes the value of participating in local, state, national, and international professional organizations whose mission is the improvement of literacy	229
