

Bluecloud's Tropical  
BBQ Sauce

**A DIVERSE  
TOPICAL  
TROPICAL BBQ  
SAUCE**

This is not your typical ribs & chicken BBQ sauce. This sauce crosses boundaries never seen before. We have had clients that have enjoyed this sauce with their Chinese food, macaroni & cheese and even on top of their salad. If you are looking for a smoky flavor for your meat, you won't find it here. What we have is a different and very unique flavor that explodes your taste buds. We have some with that spicy kick you like and others with a smooth collision of tropical fruits that accentuates every meal. Check us out. We have samples, 12 oz & 18 oz bottles.
