

Leyla Enayati

Permanent Coordinator

About me

I've been part of the Mount Pleasant Road OSHClub community for three years and have worked in OSHC for five years. I'm passionate about supporting children as they grow and learn, and I love being part of their journey. I'm currently studying Psychology, majoring in Child and Family, which has deepened my understanding of how to best support children and build strong, positive relationships with families.

My favourite activities

I love all arts & craft activities especially colouring, painting, and scrapbooking, I also really love organising things :D

Fun fact

In my spare time I'm a professional nail artist and own a small nail business!

My goal at OSHC this year

My focus this year is to continue building meaningful relationships with the children and families at Mount Pleasant Road OSHClub, while making sure our program is fun, welcoming, and filled with positive experiences for everyone!
