Key Biscayne Beach Club, Inc.

Volume 2 Issue 1
February 2020

The new team is working feverishly on the kitchen

At long last

It took some time but after months of vetting vendors, hearing presentations and reviewing menus and food pricing, we finally landed on what the Board thinks will be embraced by all; "Beachside Café."

Beachside is a concept put together by Cedric & Stephanie Lecroc and Philippe Vincinzi. These folks have been involved in food service for years ranging from executive chef, food and beverage director at the Delano Hotel, a beachside café in Nice, France, Bagatelle Miami Beach and a successful catering business as well. They will offer a menu of items from salads and wraps to made to order sandwiches and burgers, soups and special entrees. Their goal is to please our membership and also to offer their services for your special events if you'd like.

Currently, the Beachside team is tidying up the kitchen cosmetically. Once completed you will see a beautiful new facility. The team will focus on service, quality and convenience. One of the many services they will offer is placing an order through a phone app. Beachside is considering offering more than just lunch service. If there is an interest, members could eat breakfast and dinner here as well.

We can't commit to an opening date at this juncture but expect it to be by late March or early April. Rest assured, we will keep you in the loop for this very special opening.

One of the projects we'd like to launch during this quarter is kayak and stand up paddle board storage. This will begin along the north fence of our property line. Based on member comments and suggestions we feel there will be an enthusiastic response to this amenity. We have a lot of space for this type of storage and will welcome as many people as possible to participate. If you have an interest in this service please contact the Manager. We would like to start a list so that once the storage project is complete we can contact you in order of priority, in other words, where you are on the list.

From the Manager

What great support we are receiving from long time residents and new families to Key Biscayne. We continue to get weekly offers for volunteer work. Thank you very much.

By the time this newsletter reaches you, we expect to have already collected 85%-90% of our entire dues budget for 2020!

The Beach Club has ordered 31 new chairs. Six of them are "dining table height" that have been requested by members. We will have them constructed and delivered within 2-3 weeks.

Our BC staff are all on the ball working hard day in and day out. Keep in mind, they are available to help you bring bags

Around The Beach

The beginning of the year is always hectic with sending invoices and reminder notices but we're through that now and able to deal with other things. Now we're focusing on our kayak and SUP storage project. We still expect to begin the storage this QUARTER.

Our latest project, restoring the dunes, is going full speed and is looking very nice. We cleared the south side of the property and transplanted those sea oats to the Beach dunes. We continue to graciously receive volunteer help whenever offered.

Please put any comments you have in the suggestion box near the sign in sheet. We always want to hear from you.

Con't. From The Manager

to the beach, and can set up chairs and umbrellas by request.

We are working on hosting volleyball and Spike Ball tournaments. Call or email to let us know of your interest.

Our beautiful logoed shirts continue to sell at a fast pace. We restock every 2-3 weeks, so please come get your shirt or hat any time.

Thank you very much for your support. I can be reached at:
