About

## LINDA HANNAH

Linda Hannah is a keynote speaker and author who helps audiences strengthen confidence, resilience, and leadership presence in moments that matter.

Drawing from her background as a former hat designer, she uses storytelling and metaphors to reveal the mindsets people “wear” and how shifting those mindsets can transform how they lead, decide, and grow.

Her engaging and thought provoking presentations equip audiences with practical tools for clarity, courage, and steady leadership under pressure. Linda is a Toastmasters Speech Contest Champion and the author of *The Hat Chronicles*, as well as a contributing writer for *A Widow’s Resilience*.

### Hats Off to Your Brilliance:

#### The Mindsets That Shape Leadership

In this transformative talk, Linda introduces The Four Crowns™ Leadership Framework to illustrate how leaders strengthen confidence, courage, resilience, and presence from the inside out. Through compelling stories, historical insights, and practical mindset shifts, she guides audiences from reactive thinking to intentional leadership — equipping them to show up with clarity, steadiness, and purpose in moments that matter.

#### Proven Corporate Impact

While at ITC, I served as an Ambassador for a women’s leadership organization, helping initiate a corporate partnership and bring in a featured speaker—resulting in the highest attended lunch & learn in the company’s history at the time. Today, I bring that same understanding of engagement and impact to the ERGs and women’s groups I serve.
