### Discussion/ Next Steps:

#### HR Derby/All Star Time:

- HR Derby at 5pm-6:30pm
- Game start at 7pm

#### Field Availability:

Game date 6/10/23 (Rain Date 6/24)

- After 5 or 6pm open usually
- If not available till 6pm, can shift schedule later.
- If field available earlier, can show up at 4pm to setup.

**Next Step:** Shelby to confirm with Carly Levy time available

#### Food:

- Each team brings their own food.
- Teams can bring tables.

#### Announcer/PA System:

- Jackie had the PA system and microphone to borrow last year
- Danny to MC the event

**Next Step:** Shelby to confirm Jackie can let us borrow it again.

#### HR Derby

- Fee \$10 per entry for derby and donated back to the town.
- 2 guys, 2 girls per team max ideally – 12 guys and 12 girls
- Don't want to limit another team if one team doesn't have enough sign ups.
- If we have too many sign up then we'll have to do a drawing.
- \$50 Gift Card for HR Derby Winners (Male and Female)
  - Take \$100 from the entry fees?
  - Then donate remainder to heart association in memory of Sean.
  - Donation of GiftCards? Jamie to follow up on what we did last year.
- Women's derby based on point system same as last year

#### Next Steps:

- Responses by June 2<sup>nd</sup> for each team via team managers.
- Team Managers collect \$10 HR derby fee and send to Shelby via Venmo
- Jamie to follow up on giftcards from last year and if/who they were donated from
- Shelby to follow up on which heart association to donate to

#### Umpire:

- Ted said he's available to do it.
- Tentative start between 6:30-7pm for the game depending on field availability
- Group decided on 1 ump for the game

**Next Step:** Shelby to confirm with Ted.

#### All-Star Teams:

- Grey/Green/Blue vs Yellow/Red/Black
  - Managers will work together on team lists between 3 teams
  - Starting with 5 or 6 people per team
  - At least 2 females per team, 4 or 5 males per team
- Joe rotated the team colors around and the positions last year.
- 18 players would limit play time.
- If limiting to 15, small risk of not having enough players.

**Decision:** All star teams can have up to 4 guys, 2 girls per team. Team managers to work together on final amount.
