# WHY WE DO, WHAT WE DO

---

Back in 2017, the year we were walking in your shoes on the hunt looking for our perfect venue. We visited traditional venues but it didn't seem to suit, it didn't give us the frock and wellies look we were after, nor the flexibility of choosing quirky food vans and large garden games, so many venues are restricted to what you can create with your special day, which is how we ended up having our own outdoor wedding. Our story began whilst walking one Sunday morning with our dogs Mowgli & Baloo. We were reminiscing over our own wedding and one idea that kept coming up was having our venue to host weddings and events in the High Peak. After looking into the history of the Tipi, we found that these mountains of canvas would be well used with the outdoor business venture we wanted to take, they are the ideal outdoor wedding venue as they cover all aspects of our well known British weather.

# OUR VISION & MISSION

---

We will listen to your ideas and how you would like the day to flow., we like to make it clear that the tipis are your blank canvas, to create your special day.

We will then make some suggestions as to which combinations of tipis and layout might work best for your occasion. If your plans, or guest numbers change, we can look to adapt the design and configuration of tipis needed.
