

## YOUR BLANK CANVAS

Party in style under canvas, with lots of twinkly fairy lights, dance floor with real flame fire pit to toast your marshmallows. Unlike hotel function rooms where you have to decorate around corporate looking furniture and décor that's already there, our tipis offer a completely blank canvas to personalise exactly how you want it.

Unlike marquee hire, our tipis are literally built to withstand icy temperatures and the pouring rain, but fingers and toes crossed it will be glorious sunshine on your big day!

Originating from Sweden, and manufactured here in the UK, our giant tipis for hire are tried and tested to withstand unpredictable conditions – a bit of Northern rain is nothing compared to what these tipis can handle. We really can't stress this enough – outdoor tipi weddings are incredible all year round, no matter what the weather, and most importantly we are proud to be supporting the Made in Britain campaign.

## GIANT HAT

The Giant Hat tipi is our largest and most popular tipi due to its size and flexibility. If there was one word to describe a tipi it would be versatile. It can be joined to other tipis in a variety of ways. The ability for it to be linked to additional Big Hat tipis means it is usually the centrepiece of most events.

The sides can be lifted in sections to open up as much or as little as desired, offering a wonderful open aspect to the surroundings. Alternatively, the sides can be closed down, enabling porches and tunnels to be attached, forming impressive entrances or leading to further tipis.

Unlike our other tipis, the Little Hat tipis are open-sided.
