

INFO, & PRICES

ALL PRICES INCLUDE VAT, BUT EXCLUDE DELIVERY COSTS.

PRICES do not include delivery, and 5% damage waiver will be added if inadequate event insurance has not been taken out.

Prices are subject to change based on risen costs/inflation (where necessary)

We offer a clear and transparent pricing structure.

There's no limits with giant tipi hire – our tents are perfect for milestone birthdays, garden parties, family gatherings, kids parties, proms. We promise to pull out all the stops to make sure your special occasion runs without a hitch. From day one we will go the extra mile, work with you every step of the way, and listen your dreams to make them a reality. We welcome all tastes, themes and ideas – so think outside the box! We love nothing more than bringing your creativity to life, and providing your guests with a tipi event they'll never forget!

There are many different configurations possible with the tipis and they can be joined together in various ways to create a space which is right for your wedding or event.

Inside we can provide as much or as little as you need. We have the lighting, the lovely matting and rustic tables and chairs, large fire pit, dance floor etc. We pride ourselves on being able to source anything our customers might need or require whether it's toilets or strings of origami birds. We also know that many people are very happy to sort lots of details out themselves. Basically, we'll be involved as much or as little as you need us to be.

Prices include full set-up and take down of the tipis and equipment, but do not include delivery charges.

LITTLE HATTIPI

Unlike our other tipis, the Little Hat tipis are open-sided. They are a superb addition to any outdoor orientated event, and are both visually impressive and provide a useful area to shelter from the heat of the sun or a passing shower. They are deceptively large and have a footprint that is bigger than the Baby Tipi. They do not link to any other tipi, but being open-sided, they are freely accessible from all directions

PRICE FROM £400

GIANT HATTIPI

The Giant Hat tipi is our largest and most popular tipi due to its size and flexibility. If there was one word to describe a tipi it would be versatile. It can be joined to other tipis in a variety of ways. The ability for it to be linked to MULTIPLE tipis means it is usually the centrepiece of most events.

The sides can be lifted in sections to open up as much or as little as desired, offering a wonderful open aspect to the surroundings. Alternatively, the sides can be closed down, enabling porches and tunnels to be attached, forming impressive entrances or leading to further tipis.

We have plenty of options including entrances canopies, porches and clear panel weathering kits to enhance and protect your event from the vagaries of the British climate.

In addition, internally, with the impressive crown height of the Big Hat tipis, we are able to suspend a number of lighting options. It can also be decorated to beautiful effect, along with having a glitter ball and spotlights for your dance floor. LED up-lighters, with multiple colour combinations, complete the internal decoration

SIZE & CAPACITY

Each Giant Hat has a 10.3 metre diameter and a height of 7.4 metres, giving a spacious internal volume. Individually, they can seat up to 60 guests, depending on configuration, but when two Big Hat tipis are linked together, their combined capacity can seat up to 132 guests*

* It is important to note that guest capacity is affected by certain options such as weatherproofing kits, entrances, and layout preferences.

MIDI HAT TIPI

The Midi tipi is best thought of as a giant hat with all the same features, just smaller. Our midi tipi is the ideal addition for tipi configuration that fall between too big or too small for your requirements, inclusive of our dandy dura matting, 9 pole fairy lighting.

PRICE FROM FROM £1,100

inclusive of 9 pole fairy lighting, dandy dura matting & VAT

Panoramic panel kits £300

SIZE & CAPACITY

SPECIFICATIONS

Diameter	8.4m
Total Height	6.3m
Maximum Pole Length	6.45m
Covered Area	55sqm
Weight of Canvas	46kg
Number of Standing People	50
Number of Seated People	36-48

Our Midi tipis are the perfect solution- measuring 8.4m diameter, our Midi tipi is popular among our clients who wish to create a cosier chill out tipi, bar area attached to the main tipi formation, or a standalone space ideal for drinks receptions, arrival centres or outdoor therapy sessions, parties & more.

Two metres smaller than our Big Hat tipi, Midi tipis offer a stylish, unique & effortlessly cool way to utilise outdoor spaces to great effect.

The main benefit is the ease of use – entry can either be via a zip, Entrance Porch, or why not roll up the whole back section of the structure to create an open plan space that encompasses the outdoors.

LINKING KITS

linking kits or also know as weatherproofing panel's enable you to interlink your tipis together to create configurations for different numbers of guests. All of our tipis can be attached to one another, so the possibilities are endless.

Each Linking Kit includes covering canvases, linking poles, straps and pegs. This kit keeps the tipis close knit, to prevent any leaks from pouring rain- its a must have when configuring your tipis. This comes as standard as part of our price structure.

LINKING TUNNEL

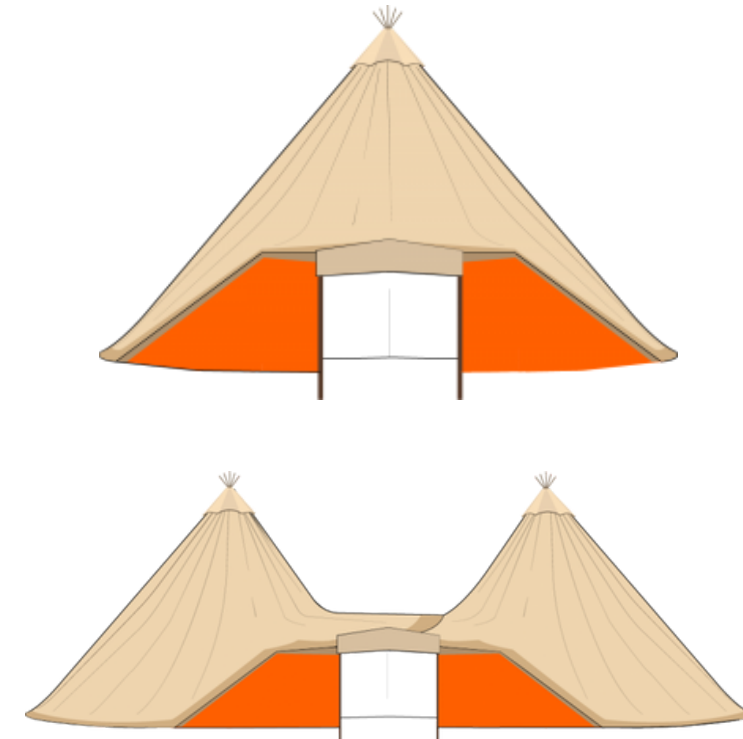

Due to the height difference and size change, we have designed a custom-built walkway link kit (tunnel) so that you can link a midi tipi to a Big Hat via a tunnel.

Historically, the event tipis you see on the market today can only be accessed two ways – either via the zip on the side, or by lifting the brim of the tipi. However, this poses a huge problem when the weather is rainy, windy or snowy – particularly during winter.

Designed to fit into both the Big Hat and the Midi tipi, our Entrance Porch is a great addition to any winter event, while it also serves its purpose for a better access to and from the tipi when a catering tent is attached. Hand-made wooden doors can also be added to keep the chill out.

ENCHANCEMENT KITS

WEATHER PROOFING

If you want to completely weather-proof your tipis for a winter, windy or wet event, one of our enhancement Kits is just what you need. It can be placed in the centre of two or three Giant hat tipi configurations and consists of a number of our accessories.

All enhancement Kits come with Clear-view Blanking Panels as standard, The only different between each size of configuration is the size of the Blanking Panel required to fit the kit into the tipis.

PANORAMIC PANELS

Our Panoramic Panels are perfect for those wishing to expand the square footage of their tipis without adding another onto the configuration. They also add extra height towards the corners of the tipi, so if you are planning on having a bar, this allows the headroom required by the bar staff to operate successfully without 'eating' into the floorspace. Making it a perfect space for parties and festivals. Along with the blanking panels, the kit can be inserted into the lifter beam section and is available with or without windows.

SINGLE PANORMIC PANEL £300

NAKED HATTIPI

Inspired from our natives down under. The naked hat tipi is a very popular addition to any tipi set up, with its 9 pole fairy lighting, its magical in the evening for guests to party the night away, or often chosen to have roaring outdoor fire pit, for guests to gather around for summer evenings. Alternatively you could hire the naked hat tipi for a ceremony style, with straw bale seating for guests to with you have your celebrant wedding.
