## Providing Tipi & Bar Hire

### **The perfect space for any event**

Whatever event you are planning, big or small, our tipis are flexible enough to accommodate your Event & Tribe numbers.

The English word “tipi” comes from the Lakota word “thipi”, which means a “dwelling”, primarily used by the nomadic tribes from the Great Plains of America for hundreds of years, our tipis, which are Made In Britain are relatively unchanged from their ancestral

beginnings but now used with the latest materials and techniques to bring them into the 21st century.

Once you've been in a Tipi you'll understand why these mountains of canvas are the ideal venue for any twinkling occasion, you'll soon see why they choose to be popular with cosy blankets, fire pits, toasted marshmallows, family & friends around lit tables toasting to your celebration.

The beauty about choosing a Tipi for any occasion is each individual's blank canvas—quite literally. Meaning you can make the Tipis completely unique and reflect your personalities through styling & home made decor.

Tipis can be built from one single Giant Hat Tipi, you can simply add more tipis linking them together which makes them extremely versatile venue option, which means we are able to bespoke the size offering more room for dining, drinking, dancing & relaxing. Another beautiful trick we can achieve with our tipis, is adapting their interior canvas opening up the sides creating open space for perfect landscape views of surrounding location because tipis are extremely versatile & flexible they are able to be built in many configurations making each build is completely bespoke.

## **Our Tipis**

Based on the native design, our tipis are handmade here in the UK—these peaks of canvas withstand even the worst downpours. Making them well suited with the outdoors. Stretched over timber poles sourced from Scandinavia forests for its highest of quality.

Our tipis are constructed using wooden poles and a light coloured canvas which create a stunning space and, unlike the traditional white marquee, you don't have to spend more money lining the interior of the space to create a fabulous atmosphere.

We have a few options & sizes available the Giant Hat Tipi featured below, Midi Tipi, Naked Tipi and the Baby Tipi: They say that good things come in small sizes and this is certainly true of the smallest tipi in our tipi tribe! Our Baby Tipi measures 6.8m in

diameter and is great for adding onto your tipi configuration to act as a chillout space complete with log burner and Moroccan style furnishings, or a children's area with brightly coloured cushions and bunting.
