

Professional Day Presentation

Sexual Exploitation Keeping Kids Safe In Person And Online

Presentation Content

- What is sexual exploitation and what are the current trends with students in your community
- The different types of predators and their grooming tactics
- Online exploitation: The trends, risks with apps, predator tactics
- Current peer and self exploitation related trends, including sexting
- Signs of an at risk or sexually exploited student
- Strategies for support and useful resources
- Relevant legislation and tools for school district staff in protecting students

Sexual Exploitation Education provides education to youth, parents, teachers and training to social services providers, front line workers, and law enforcement across BC. It also serves as a resource for disclosures and as a referral directory.
