SAMPLE 1-MINUTE TESTIMONY #1 — Patient / Family Perspective

“Good afternoon, Chair and members of the committee.

My name is ____, and I’m from ____.

I’m here in support of HB 99 because access to healthcare depends on doctors being able to practice in our state. Right now, New Mexico is losing doctors, and families are feeling the impact through longer wait times and fewer options for care.

HB 99 protects patients by ensuring medical care related to a malpractice injury is fully covered. It also strengthens the Patient Compensation Fund, which is paid for by doctors — not taxpayers — so patients can receive care in serious cases.

This bill creates fair rules that protect patients while helping keep doctors in New Mexico. I respectfully urge you to support HB 99. Thank you.”

SAMPLE 1-MINUTE TESTIMONY #2 — Community Member / Rural Focus

“Good afternoon, members of the committee.

My name is ____, and I’m here to support HB 99.

In many parts of New Mexico, especially rural areas, losing even one doctor can mean losing access to care altogether. An unstable medical malpractice system makes it harder to recruit and retain providers.

HB 99 strengthens the Patient Compensation Fund, ensures accountability is based on evidence, and keeps medical care available for patients who experience malpractice injuries.

This bill helps stabilize our healthcare system so doctors can stay and communities can be served. I urge you to vote yes on HB 99. Thank you for your time.”

SAMPLE 1-MINUTE TESTIMONY #3 — Short & Direct

“Chair and members, thank you for the opportunity to speak.

My name is ____.

I support HB 99 because it protects patient care while creating fair and predictable rules for doctors. Medical care related to malpractice injuries remains fully covered, and the Patient Compensation Fund — paid for by doctors — is strengthened so it can continue serving patients.

Keeping doctors in New Mexico is critical to healthcare access. HB 99 is a responsible step in the right direction. I respectfully ask for your support. Thank you.”

 **FINAL TIP:** Write your testimony out, read it aloud, and time yourself. If it’s over a minute, cut it down — shorter is stronger.
