## HEALTH CONSENT FORM (Physiotherapy)

*We need your informed consent. This means that we need you to understand the services we provide, the costs, and what we do with the personal information we gather about you. Please ask us if you have any questions.*

### CONSENT FOR THE COLLECTION OF PERSONAL INFORMATION

I understand that to provide me with physiotherapy or massage therapy and services, Essential Physiotherapy (herein known as the company) will collect some personal information about me. (e.g., name, address, phone numbers, and health history).

I have had the opportunity to review The Company's Privacy Policy about the collection, use, and disclosure of personal information, steps taken to protect the information and my right to review my personal information. I understand how the privacy policy applies to me. I have been given a chance to ask questions I have about the privacy policies and they have been answered to my satisfaction.

I understand that, as explained in the Policies and Procedures for Personal Information, there are some rare exceptions to these commitments.

I agree to The Company collecting, using, and disclosing personal information about me as set out above and in The Company's Privacy Policy.

### FEE SCHEDULE

Physiotherapy treatments in our clinic are NOT COVERED BY OHIP. Extended Health Insurance coverage for physiotherapy is provided by various companies and we advise you to determine if you have such coverage (we will be happy to provide you with invoices so you can submit to your insurance company). If you are seeking physiotherapy treatment as a result of a W.S.I.B. claim, or Motor Vehicle Accident, please advise us of such and we will initiate the appropriate billing.

However, please be advised that our contract is with you, the patient, and therefore you are ultimately responsible for payment of treatments rendered. This applies to all coverage methods (ie. Extended Health Care, W.S.I.B, and Motor Vehicle Insurance etc...). Please feel free to direct your questions to our staff. We will make every effort to assist you with your claim.

We accept Visa, MasterCard, American Express, Interac, Cheque or Cash.

**INFORMED CONSENT TO PHYSIOTHERAPY TREATMENT AND CARE**

In April, 1995, the Ontario Government passed the Consent to Treatment Act to safeguard the rights of people to make their own informed decisions about health treatment. The legislation requires that our therapists provide you with the necessary information on the treatment proposed so that you can make an informed choice. The purpose of this document is to outline what is involved in our physiotherapy treatment.

Depending on your needs, your program may consist of any of all of the following:

- Therapeutic exercise to restore strength and range of motion
- Electrical modalities to decrease pain and inflammation, and to promote healing
- Hands-on manual techniques to restore functional mobility and reduce pain
- Progressive strengthening and aerobic exercise to restore and maintain normal muscle strength and endurance.

Your treatment program will be designed and monitored by your physiotherapist. A Kinesiologist and/or Physiotherapist Assistant may also provide assistance in your daily care.

As in all health care, in the practice of physiotherapy, there are some risks associated with treatment, although rare. They include, but are not limited to muscle strains and sprains, fractured bones, and burns from electrical modalities.

The program is tailored to your specific stage of recovery. You may find that you are a little more stiff and sore after an initial assessment. This is because the physiotherapist must put your body through some movements that you may not normally do in order to determine the nature of the problem. Please keep the physiotherapist informed about changes in your symptoms during the course of treatment so that they can respond accordingly. We ask that you follow the therapist's instructions so that you perform the activities in a safe manner to avoid any risk of injury.

You may discontinue the treatment at any time, but we ask that you extend the courtesy of informing one of our staff of your intention to discontinue and your reasons for doing so.

If you have any further questions, you are encouraged to ask our therapists.

I have been informed of the treatment outlined above and its possible risks. I voluntarily give consent to participate in the rehabilitation program and realize that I may, at my discretion, discontinue treatment at any time. **I also understand that 24 hours notice of cancellation is expected in order to avoid billing my personal account.** By signing below, I intend this consent form to cover the entire course of treatment for my present condition.
