

# TFP AIR OVER HYDRAULIC PUMPS

**TFP97AP & TFP106A SET**

**TFP97AP With Remote Pendant**

**TFPA151-2**

- *For use with Single Acting Cylinders*
- *Working pressure rating to 10,000 PSI*
- *In-line Air filter to protect pumping system*
- *Air Pressure range: 40 – 170 PSI*
- *Holds pressure even when air supply is disconnected*
- *Air inlet: 1/4 – 18 NPTF*
- *Hydraulic Hose Connection 3/8"-18 NPTF*
- *Models with Useable Oil Capacities of 97 and 231 Cu. In.*
- *Optional Remote pendant operation available*
- *Light Weight rugged aluminum reservoir provides corrosion resistance*
- *Factory set Relief Valve Overload protection*

- *1 Hp air motor operates on 62 SCFM @ 100 PSI*
- *For use where electricity is unavailable or electrical equipment may not be used*
- *Optional valve configurations*
  - *4 way & 2 way manual*
- *Fast Acting, two speed operation*
- *1, 2 & 5 gallon reservoirs available for use with a wide range of cylinders*
