

Satan According to Scripture

Dennis has been sharing the Truth of God's word using illusion in fellowships since 1994. Over the past 30 years he has been asked so many questions concerning the power of the enemy that he has been studying the scriptures for years to put together this Biblical presentation to help believers keep their nose in the Bible, their knees on the ground, and their eyes on Jesus.

There is only one God and no one is like Him and He does not have an opposite. It's important to size down your enemy according to scripture and not people's tainted experiences.
