...so don't copy me."

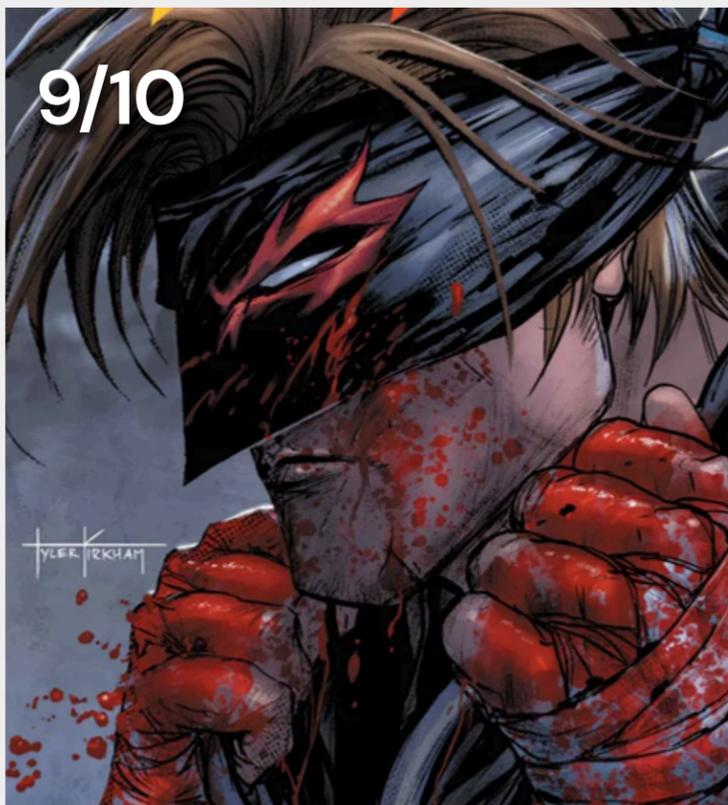

– Missy Elliott...and also The Moth :)

Cool news to share, here at 22Comics we are currently in the process of getting The Moth as a character officially copyrighted. The drawings on the left are the layouts we created for the copyright. These images are the basis of the Moth's design and help establish an "official look" for The Moth.

Feel free to use these layouts as a reference for any fan art!

FINAL BOSS #1

Pretty awesome first issue, it really caught my eye. Typically when I pick up a book about a new character or character I'm not familiar with, it can be pretty hard to get into. But man this was cool. I'm a sucker for any character that's got their hair showing like Cyclops, Gambit, and Shaft (to name few of many.) So when I saw this dude naturally I wanted this book. The art is almost perfect in my opinion, the designs and layouts are on point, and the story is super intriguing starting from the first issue. This book is also my 3rd or so introduction to Tyler Kirkham's art and he already is making his way into my modern favorites. I give Final Boss, based on one issue alone, a **9/10**.

MOVIES

PULP FICTION

This is one of the movies that is so popular it's like you need to watch it before you die, and rightfully so. I love these types of action-crime movies, the tension, the violence, and the little bits of comedy that are sprinkled throughout. One of my favorite things about this movie is how it jumps between storylines while connecting each one together to show one big story. Also, usually I'm not one for cliffhangers but the end of this movie was pretty cool - the way they leave it up for you to decide. This movie is in my top 10 for sure. In the end, I give Pulp Fiction a **9.5/10** (near perfect.)

SHOWS

OBI-WAN KENOBI

Despite the score, I loved this show. The visuals were awesome, great duels, and I love to see Ewan McGregor and Hayden Christensen acting for a Star Wars movie again. But, I couldn't just let how cool I think Star Wars is get in the way of my judgment on things like directing. At some points in the show the directing was weird and the writing wasn't much better. Also, the 3rd Sister was incredibly unlikeable. Not just as a character but mostly as an actor...or was it the directing...?. Though, I give this show a **6.5/10**, I still highly recommend watching this if you're a big fan of Star Wars.

SKETCH OF THE MONTH

FAN ART

DC | SUPERMAN

STAAAAARMAN!

For this month's Sketch of The Month, I chose to share one of my digital works - Superman (from DC comics). Why Superman? Well, honestly I don't know why...but, simply put, Superman is a lot of fun to draw and such an amazing character. Guess my question is "Why NOT Superman?"
