

THE ECLIPSE

THE MOTH #1 PROGRESS

PROGRESS

Back to it!

12 out of 34 comic pages have been completley inked! And more in progress!

One step closer everyday. Can't wait until I finish this book and finally reveal what has been my passion for the last year!

WHAT NEEDS TO BE DONE

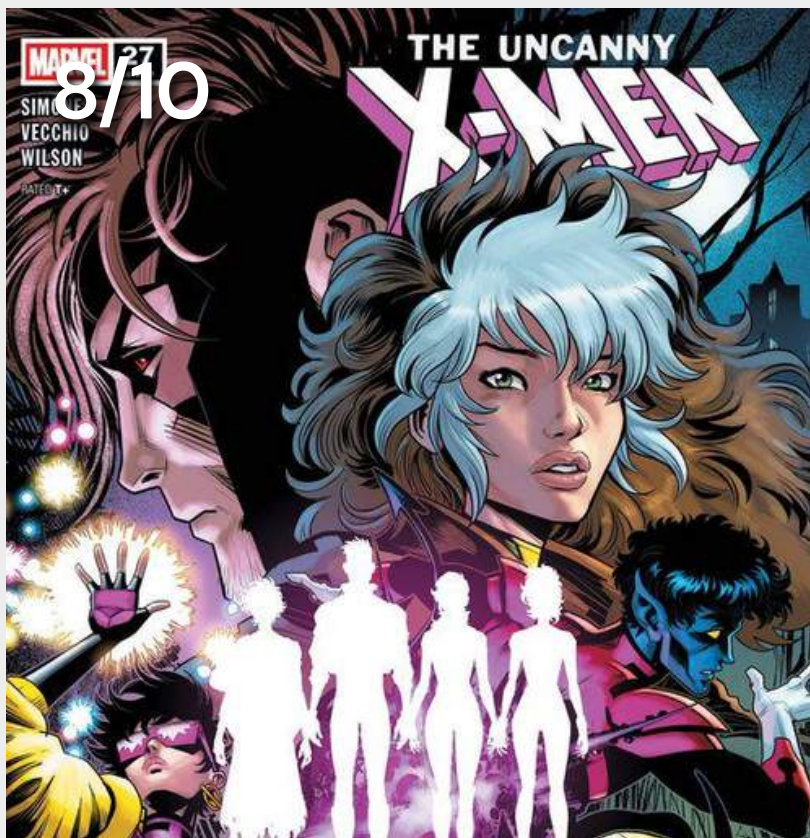

Of course, the rest of the pages need to be inked, colored, and lettered. I'll also need to redraw **some** previous panels since I used to do this just as a fun little side thing and my skills have gotten a lot better since then.

Also, stay tuned for some exciting updates.....

...I'll have updates on progress...whenever I get the chance!

UNCANNY X-MEN 2024

My reading pile is humongous, but over the last month I've been chipping it down. First I read the 5 *Uncanny X-Men* issues I had sitting on my desk, and this has to be some of the most fun I've had reading this series. The "Who's Been Sleeping in my Bed" storyline was really cool. The fights, the plot twists, it's all super fun. Also, don't know how many times I've said this, but this is one of my favorite X-men teams ever. I love the new kids (Ransom, Jitter, Calico, and Deathdream) even though I thought I was gonna hate them. So far, I give this run an **8/10**. Maybe not the best written book ever, but one of my favorites right now.

SHOWS

X-MEN 97' SEASON 2

Alright, just finished the rest of season 2 and I gotta say, they cooked again. While I do think this season is awesome, it's not as good as season 1. My only gripe, is that it feels too rushed, stories move on too quickly for there to be any room to breathe. Also super happy **HE's** back, pissed **THEY'RE** gone. My favorite episode of this season was episode 5. Even though last seasons episode 5 was heartbreaking, both episode 5's were still my favorites. So overall, I give this season a **7/10**. A little fast-paced, good cameos, and still great writing gives it this score.

MOVIES

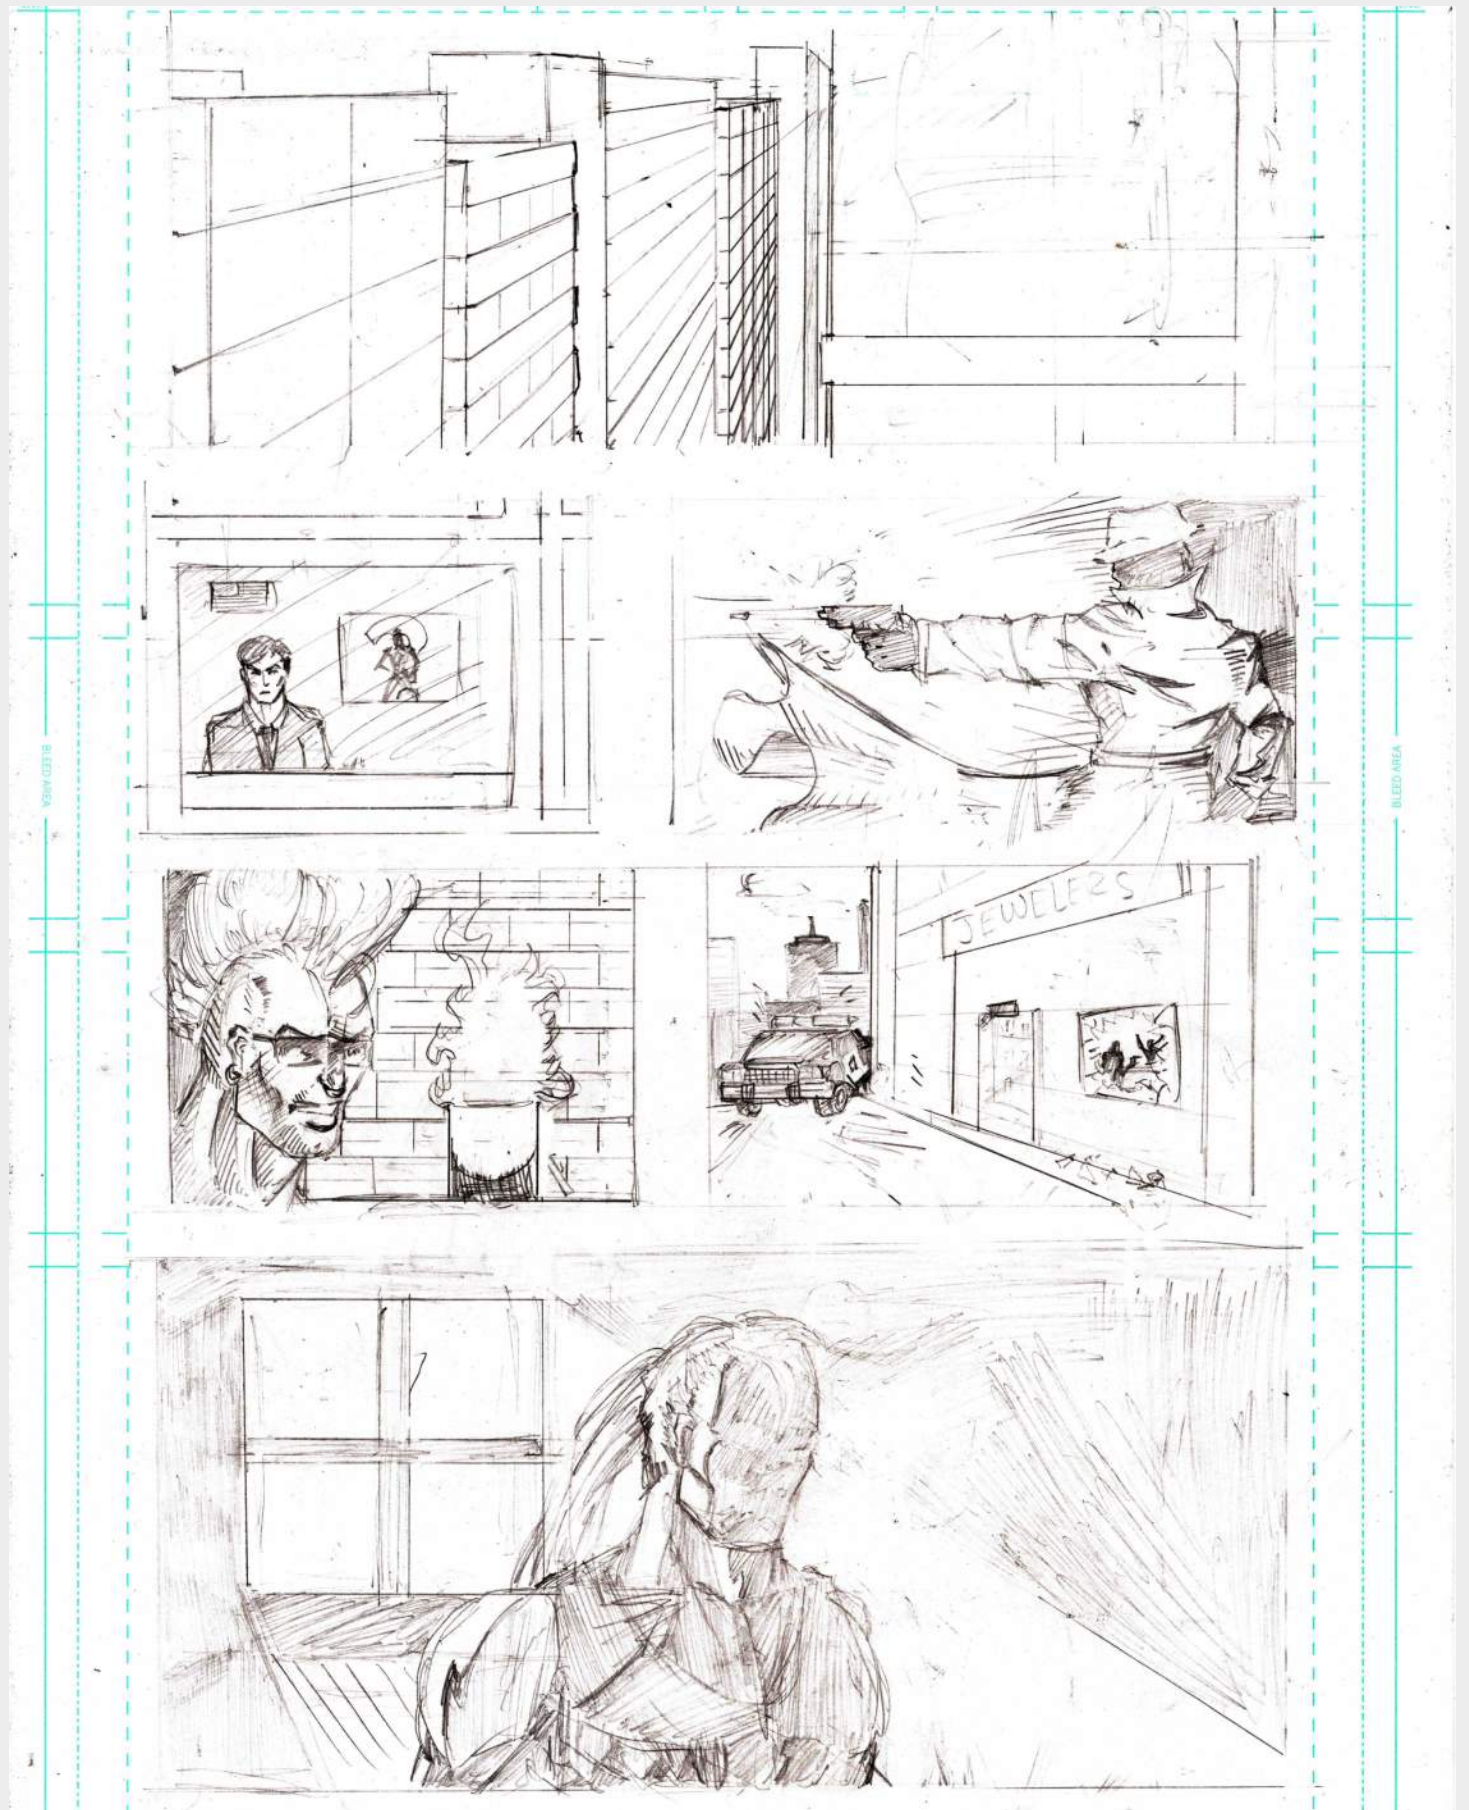

SPIDER-MAN | BND

I was fully expecting to be pretty dissapointed with this movie, but it actually was really good! This is interchangeably my favorite of Tom's Spider-Man movies with Homecoming. This is also top-5 live action Spider-Man movies for sure. I loved the way Spidey acted in this movie, and moreso love the fact that he's not using crazy gadgets. I thought the introduction of the main villian was pretty good, and also super excited for what's to come of it. Loved to see how Peter's gonna get his life back together. **8/10** from me.
