DESIGNER

STEFANO GIOVANNONI

Born in La Spezia in 1954, Stefano as an architect and designer was taught by Buti at Florence University. In the early 80's he founded the King-Kong Production Group along with Guido Venturini. A technical designer par excellence he has industrial design in his DNA and the capacity to understand public sentiment like no other designer mentioned in this catalogue. His projects began with the Girotondo (1989 designed with Guido Venturini) and the first transparent objects in plastic from the Family Follows Fiction series (1993). There is a huge number of his items in the Officina Alessi, Alessi and A di Alessi catalogues.

CSA

The Alessi Research Centre (CSA) was set up in 1990 for two purposes: to draw up theoretical papers on topics associated with objects (to be published as books), and to coordinate work with young designers. Up until that time Alessi had only worked with "major designers", and I felt a certain degree of responsibility towards young, upcoming designers. Alberto Alessi
