81C begins weekly downtown Charlotte Amalie walking tours

Jan 5, 2022

81C in historic Charlotte Amalie has announced the launch of the 81C Town Tour, a walking tour—social celebrating present, past and future reflections on the downtown area.

Attendees will take in public art, historic details, architecture and daily life along the curated route through town, culminating in a visit to 81C’s contemporary art gallery featuring an art exhibition and reception, including drinks and unexpected encounters during the two-hour on-foot tour.

Tours will be held weekly on Wednesdays. Appropriate footwear, hats, sunglasses and bottled water are encouraged. Tickets are \$100 and can be purchased at www.81cvi.com. Tickets for children 16 and under are free with supervision. No strollers are allowed on the tour.
