

I wish to congratulate all of the incredible high school seniors, who will soon embark on their next journey to colleges and universities across the U.S.

First, thank you to all the students that participated in this year's event. I know from reading your application and essays, that you will find success in your upcoming studies. Above that, I wish you all to have a wonderful college experience. I hope you make time to go to as many campus activities as possible. Find the time to go to sporting events, campus clubs, Greek life, and campus ministries, explore your college community, and so much more! Get involved early in campus life as the more you put in then the more you will get out of it! Stay focused on your studies, but participate in every aspect of college life. It will go fast, so take it all in!!

I would now like to announce the scholarship award winners for the Library Sportsmen's Association Scholarship.

This year's winners are:

Madeline Grattan
Jessica Jost
Evelyn Buttaccio
James Stewart
Allison Griffith
Iliana Briggs
Katelyn Fava
Alessandro Folino

I am very thankful to the LSA Scholarship Committee, our President and Board of Directors, and all who give to make a difference.

Once again congratulations to our winners and good luck to all of our amazing applicants. Until the opening of our next Annual Scholarship Application in six short months, let me close by wishing everyone a wonderful summer, filled with fun and leisure...and enjoyed with friends and family. Enjoy!

Best Regards,
Bob Englert
President
