Support parks and canyons in your community!

PROTECT OUR CREEK AND CANYON, PROVIDE A TRAILHEAD PARK, AND RELOCATE THE PROPOSED FIRE STATION!

WHAT'S GOING ON
 The City plans to build a four-story, \$28 million fire station in a canyon within the Chollas Creek Watershed — a natural, undeveloped area that should be protected. We support the need for a fire station, but not in the canyon.

WHY THIS MATTERS

- Environmental harm to the creek, wildlife, and watershed
- Increased flooding and pollution risks for nearby neighborhoods
- Wasted public funds that could go to parks, trails, and flood protection
