# MAKTECH SERVICES

## **Project Support**

*Each customer has a distinct project phase gate process. From start to finish, MAKTECH USA will adapt to your key processes and provide support through each project phase.*

- Feasibility Studies, FEED/Definition, Implementation & Post-completion
- Greenfield or Brownfield, CAPEX or OPEX Projects
- Support for your Digital Transformation Initiatives
- Factory Acceptance Testing (FAT), Integration FAT (iFAT)
- Maintenance and Reliability Site Support
- Site Acceptance Testing, Startup and Commissioning (Non-TAR, Pre-TAR, TAR)

## **Documents, Standards & Specifications**

*We strive to understand your specific goals and priorities well and then develop project-specific procedures and guidelines that help the project team make informed critical decisions.*
