

# ROSES *and* THORNS BOOK CLUB

## Make It Last For Life

### DAY 24: *Seeds* Planting for the Future

How much time do you spend reading, studying, and enjoying God's Word? How much time would you like to spend in the Word each week? Carve out some time in your schedule in the coming days and spend it alone with your Bible, knowing that this seed will produce fruit even after your life on this earth is over.

Make a list of your nonessential commitments, responsibilities, and obligations that may be worthwhile but will not last for eternity. Think about ways to transition these items out of your schedule, if not permanently, then at least for a season.

More important than our possessions are our values. Write down the values you hope to leave behind and who you hope will inherit them from you.
