

REFLECTIONS FOR THE RESCUE

CHAPTER 21: FIVE TO SEVEN YELLOW LINES ACTION PLAN

RESPOND:

- Sometimes we don't need new information, we just need to utilize the information we already have. What do you already know about your life that you just need to start acting on? Make the decision. Put a date on your next step in that direction. And do it.
- Talk to God about your desire to keep moving forward in the life He has given you. Commit to Him that you will keep moving down the road of your life starting with your next step.

REFLECT:

What yellow lines are on the road of your life? How is your life marked with your gifts, abilities, interests, and nature?

Have you ever tried to follow those lines? Did you stop? Why or why not?

What have you started that you just needed to keep working to finish? Do you know enough to go? What's getting in the way?
