

Georgina Feral Cat Committee: Working Cat Adoption Application

If you have a barn, stable, farm, store or warehouse, you can help save lives!

Working cats are an environmentally friendly way to help you control rodent population without using poison.

Prior to adoption, all the cats will be spayed/neutered, dewormed and vaccinated for FVRCP and rabies. There is no fee for adopting our working cats but a donation is much appreciated to help cover some of the cost of medical treatment.

Sometimes we rescue cats from a situation in which they may have been living without much human contact and cannot be fully domesticated, or are just much happier outside no matter what we do. At any given time we can have a dozen or more cats like this living in foster homes waiting for a safe place to go. If you think you can offer a safe place and food and warmth to some working cats, please complete the application below. By placing these cats into working settings, we can open up these foster homes to rescue more cats!

Please note that we do not place friendly cats in working cat situations.

PLEASE PRINT CLEARLY

First Name: _____ Last Name: _____

Business Name (if applicable): _____

Address: _____

City: _____ Postal Code: _____ Phone: _____

Email: _____ Best method to reach you: _____

Property Information

Type of location:

barn/stable greenhouse warehouse
 other (specify) _____

Do you own the property? yes; no

Does someone live on the property? yes; no

Please describe the size and condition of the property:

Please describe the structure where the cat(s) will be housed:

How far is the building from road/traffic?

If you were to sell/move from the property, what would your plan for the cat(s) be?

Please tell us about other pets that you have or had.

Name of veterinarian: _____

Have you had working cats before? ___ yes; ___ no

If yes, what happened to them?

How many cats are you willing to adopt? _____

Please describe the type/age of cat(s) you are interested in adopting:

Please provide any additional comments or questions below:

Agreement – PLEASE READ BEFORE SIGNING BELOW:

1. Upon approval of this application, I agree to allow a member of your organization to visit (with notice) the property and to contact my veterinarian. This will be to ensure that this will be a suitable placement for the cat(s).
2. It is imperative that the cat(s) be confined to a small area for at least 3 – 4 weeks to acclimate to their new surroundings and imprint on the property. I am prepared to allow for that much time. Below describes the small space I have for them to acclimate*:

**Note that we can provide you with a cage to keep them confined.*

3. I agree to feed the cat(s) nutritious food and provide fresh water daily.

4. In case of illness or injury, I agree to humanely trap and transport the cat(s) to the veterinarian.

** Note that we can assist with trapping.*
