**More Appointments: More Sales**

# Virtual Sales Force

Get More Qualified Appointments for Your Sales Team

# An Introduction

Virtual Sales Force is a "virtual" selling team that can enhance the productivity and performance of your existing sales team by providing **"Qualified Appointments"**.  We specialize in smaller campaigns and act as an extension to your company.  We hire experience Business Development Call Center Agents based on their dedication, friendliness, phone skills, rapport building skills, documentation accuracy, positive attitude, consistency and results. Most of our agents are managed remotely via Cloud Based infrastructure software.  In addition to hiring great callers, we provide the essential application logic that enable the caller to efficiently prospect and conduct appointment setting with reminders, professionally and productively calling on your behalf.
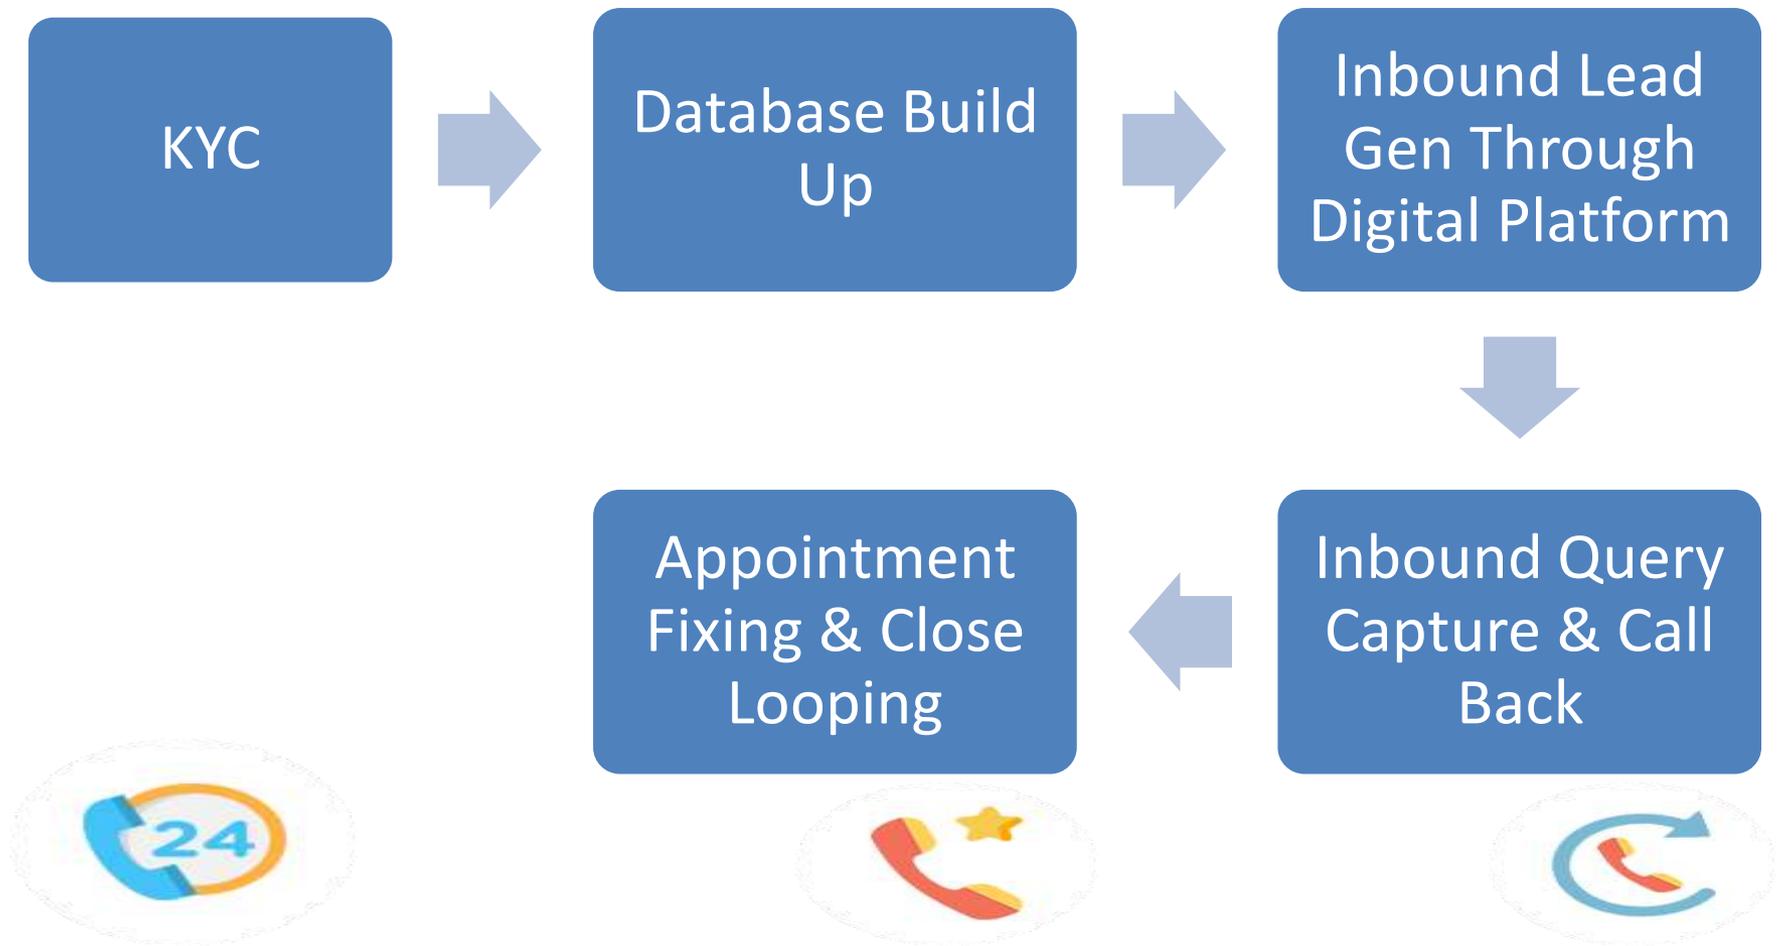

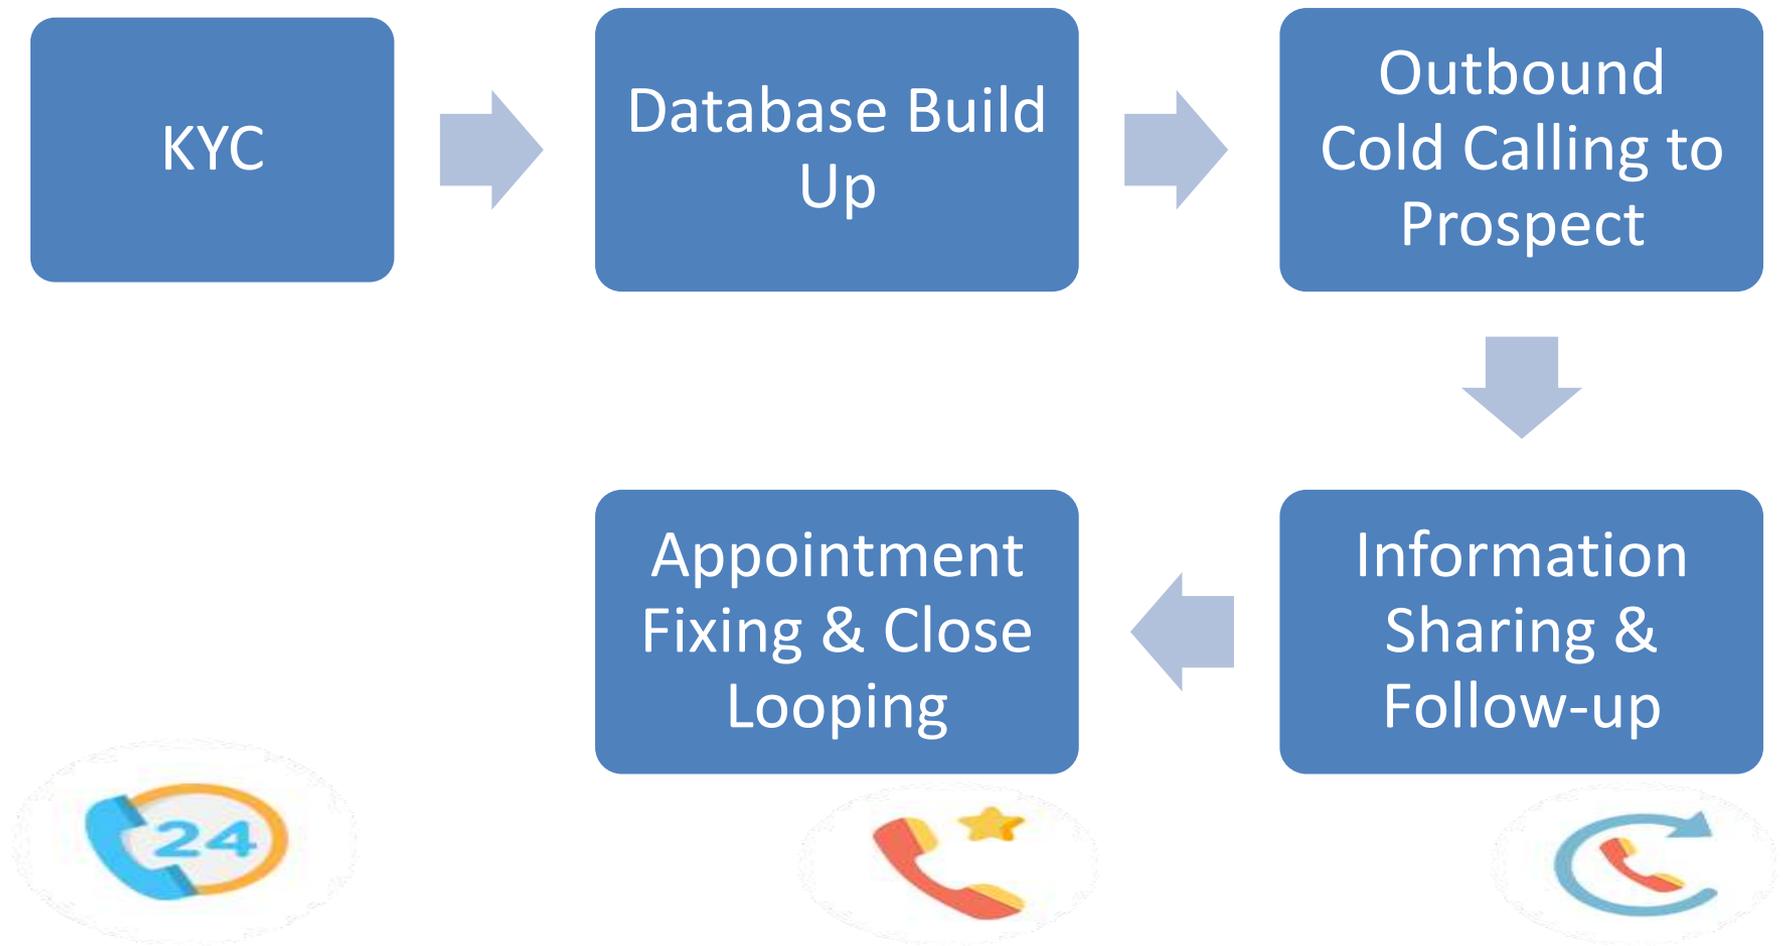

# **How It's Work**

1)  Setting up Appointments through Inbound Lead Generation

2)  Setting Up Appointments through Outbound Lead Generation

# Appointments Through Inbound Lead Generation

KYC → Database Build Up → Inbound Lead Gen Through Digital Platform → Inbound Query Capture & Call Back → Appointment Fixing & Close Looping
