

## Green Nutrients

### All the Alkaline Minerals Needed to Balance Your System!

Your body runs smoothly on a diet consisting of plenty of vegetables bearing alkaline minerals. If you don't get enough, your system may tend toward acidity and is susceptible to a number of health problems and diseases. Among those you might experience are problems with joints and the musculoskeletal system, hormones, gout, stiffness, blood sugar imbalance, respiratory problems, weight gain, tooth decay, infections, kidney problems, and more.

Green Nutrients Will Turn Your Body into a Well-Oiled Alkaline Engine!
