

## A/R RECOVERY WITH 24-7 CONSULTANCY

### ✓ **No-Cost, 12-Month Analysis**

A complimentary 12-month analysis targets aged and underperforming A/R and improves cash flow without adding staff, changing vendors, or touching your front-end workflows.

### ✓ **Proven Revenue Lift**

Over 2,600 certified experts typically recover between 80–85% of aging A/R depending on the payer mix, claim age, and documentation quality.

### ✓ **100% Client Retention for 5+ Years**

No long-term contracts and billed only on collections.

### ✓ **A/R Optimization Core**

For large systems, our A/R recovery is the lowest-risk, highest-ROI way to immediately improve financial performance, and we do it all for the lowest rate in the industry. We will beat any other rate out there.
