## WHISKY LIST

### Glossary

#### (W) Wheated

*Instead of using rye & malted barley in the other 49% of the mash bill. Wheated whiskey simply replaces that with wheat, either in whole or part.*

#### (K) Kentucky Straight Bourbon Whiskey

*With the additional requirements: it must be produced & aged at least 1 year in the state of Kentucky.*

#### (SB) Small Batch

*Distilled in limited quantity, which is distilled in quantities of around 1,000 gallons or less (typically fewer than 20 barrels),*

*While we do our best to update the menu regularly, vintages may vary. We do not allow outside bottles of wine.*

from a mash bill of under "200 bushels of grain".

### (S) Single Barrel

Unique expressions that showcase the distinct character of an individual barrel. Each bottle hails from one specific cask, ensuring a flavor profile that's unblended and uncompromised.

### (C) Cask Strength (BP) Barrel Proof

A whisky that has not been substantially diluted after its storage in a cask for maturation. Barrel proof is back down to whatever the proof was when it entered the barrel, which is called the entry proof.

### (BIB) Bottled in Bond

Must be aged for a minimum of 4 years. Must be bottled at precisely 100 proof, made by a single distiller, at one distillery, & aged in a bonded warehouse. Must only use spirit distilled in a single distilling season.

### (U) Unfiltered

Most barrel-aged spirits are filtered before bottling, either by chilling the liquid or using activated charcoal. This removes the fatty acids which would become cloudy if the spirit was chilled or put on ice. Unfiltered spirits skip this step.

### (H) High Rye

A typical bourbon has around 12% to 15% rye, a high rye bourbon will contain 20% to 35% rye on the mash bill. Increasing the rye content in a bourbon gives the finished liquor a distinctive spiciness.

## Whisk{e}y

**Whisky** – Scotland, Canada, and Japan

Distilled to less than 190 proof. Distillate should have "the taste, aroma, and characteristics generally attributed to Whisky". Stored in oak containers (except corn whisky). Bottled 80 proof or higher.
