How can the Harmonizer help to improve your health?

QuWave Harmonizer's beneficial effect relies purely on augmenting the body's own ability to maintain a more coherent biofield in the face of external electromagnetic stress. Because what is the human body after all if it's not energy and electricity?

Yes, on the surface we may be made up of muscles and bone. But at the sub-particle level, a lot of what we're made of comes down to 'energy' or 'electricity'. An atom, if you can cast your mind back to science lessons at school, actually consists predominantly of empty space and 'negatively charged electrons', 'positively charged protons' and 'electrically neutral neutrons'. And what are we made up of but atoms?

No wonder you're waking up feeling so fuzzy and fragile.

All living systems in the world – every animal, every plant, every rock and even the planet itself – are based on electromagnetic energy. And they all interact electromagnetically with each other. Within the human body itself, the cells and systems of our body even use electromagnetic biocommunication to communicate with each other.

Is it any wonder, therefore, that studies are now showing how our constant contact with modern machinery is interfering with everything from the way our immune and hormonal systems work to the state of mind we wake up with in the morning? Living in your body is like flying in a transatlantic plane on which everybody's using their mobile phones and laptops.

What's happening to us is that the enormous amount of emotional, mental and electromagnetic stress we're now surrounded by, is interfering with our body's natural balance to such an extent that it is making us sick.

Add to this the additional stresses of overwork, family life and the constant stress of needing to excel in a financially rewarding and competitive environment and it's easy to see why so many of us are constantly feeling tired, out of sorts and 'not quite ourselves'.

So let's get back for a minute to how the QuWave Harmonizer device can help.

If you've ever been camping – or taken long walks across open hills – you'll know the feeling of how wonderful your body can feel when it's away from all that electromagnetic and everyday stress. And that's exactly how the QuWave Harmonizer can help you feel – by helping your body's own electric field stay balanced despite the influences from outside.

Like a powerful but invisible tuning fork that returns your body's resonating note to a beautiful, clear pitch.

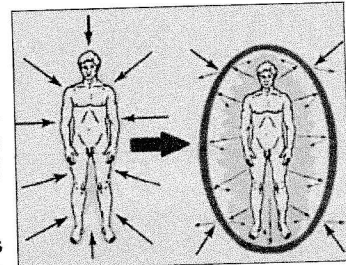

Carried in your pocket or purse, the QuWave Harmonizer contains the unique QuWave Harmonizer proprietary technology. It is a special oscillating chip which sends out a signal to a special antenna. The QuWave Harmonizer's frequencies then work like a master tuning fork, constantly reminding the body of its healthy frequencies.

Thousands of people around the world have already discovered that it can completely change your life.

Introducing our new Scalar-Field Schumann-Generator.

A powerful way to restore the Schumann Resonance in your home or office and protect yourself from dangerous EMFs. This product will flood your environment with two healing frequency energies: the Scalar Field and the Schumann Resonance.

We started with the concepts of Tesla, Rife, and other pioneers in Energy Medicine, and then went a step further to engineer a revolutionary new product that taps into your soul's very own Biofield. Electric energy is found naturally in all of us and controls the function of every cell of our bodies.

A variety of electrical impulses in our bodies control and regulate all bodily functions including health maintenance, healing, and regeneration. The QuWave products generate a Vibrational Scalar Electrical Energy field with health-boosting properties which envelops your entire environment.

Research is increasingly cautioning people to protect themselves - your brains, your health (possible Cancer risks), your DNA (breaking the links), and your children (who are more susceptible). The QuWave Harmonizer is the premier product for strengthening you against direct and ambient sources of EMF, including EMF from computers and cell phones.

As the complexity and pressures of our fast-paced, electronic world increases, we find that today's world requires strengthened mental, emotional and physical resilience. You need to protect your DNA and health from the potential dangers of EMF radiation which permeates our homes, school, work, autos, and environment.

Our customers find that the QuWave Harmonizer very quickly amplifies healthy energy states, and decreases energy drains caused by a wide variety of harmful influences. Others are enthusiastic about their new found emotional balance and stamina. The QuWave Harmonizer is the product of choice for those people who value optimal performance and well-being.

The *QuWave Harmonizer* is a unique portable Active Generator which simultaneously generates Quantum Fields, Scalar Waves, and Schumann Resonances for EMF Protection, Improved Health, and Increased Quality of Life.

The *QuWave Harmonizer*™ is a most powerful Portable Active field generator which simultaneously generates: Quantum Fields, Scalar Waves, and Schumann Resonances

We have been making and selling these types of products under different names for many years with thousands of units sold to extremely satisfied customers.

Over this time we have refined and modified the QuWave products through five different generations with many different revisions (with each one having improved performance).

With today's new computer technology and micro-electronics we have been able to reduce the size and weight of the original unit by 75%, down to a size that can actually be worn as a pendant. At the same time, we have introduced the Home Model which has many times the power output to protect you even in the most extreme conditions.

The QuWave uses a special proprietary triple bifilar antenna which was first developed by Nikola Tesla, and after years of experimentation by our engineers, improved, miniaturized, and adapted into our products. This is the secret of our product and is the actual converter that changes a special RF radio signal into the Scalar Waves.

The QuWave is a professionally engineered quality unit, with many years of research behind it, thoroughly tested and guaranteed to operate as per the specifications. It's exclusive technology is light years ahead of most instruments in research, accuracy, safety features, and convenience. And its built in digital computer assures accurate frequency delivery.

We are the actual manufacturer of the QuWave products, so all models are always in stock and you can be assured of the best service.

Scalar & Schumann Frequencies

When we began our search we first were building a low frequency Earth Resonance Generator. Over the past 10 years, we continued our research, and found that it is sometimes difficult to stimulate all the bodily cells in some individuals. It took many years of experimentation to find the best way to apply the Schumann resonance to the human body. We finally discovered that you need a more powerful medium to optimally stimulate the body chemistry, and this has been found to be Scalar Waves. To achieve the end result we wanted, we had to redesign the whole product many times, until optimum results were achieved.

We were looking for a frequency that would meet our requirements. We were checking through hundreds of frequencies in locating the best possible signal which would have maximum penetration into the human Biofield. Little did we know that the particular frequency we choose was only .02 off the actual frequency that the "Arc of the Covenant" functions at. (Described in the Bible. Also the feature in the movie Indiana Jones)

We now have discovered why this frequency is so powerful. It apparently is a universal frequency that will activate the bodies healing modalities. Anything or anybody who emits a negative energy is repelled by this frequency.

The QuWave products are gaining worldwide attention as the leader in personal Energy Medicine products.

How Does the QuWave Harmonizer Work ?

The QuWave products generate an Energy Field which envelops and protects all objects within its reach. This is the Schumann Scalar Energy field. This Energy Field pulsates at the Earth's Natural Frequency which gets your body back in sync and operating optimally. This is the low frequency Schumann Resonance wave.

The Harmonizer allows our body to function at a high level of wellness because our body can function free from the influence of physical stress, EMFs, and pressure of today's lifestyle. It allows our body to a perfect balance increasing the body's healing ability.

What is the QuWave Harmonizer ?

The QuWave Harmonizer is a small pocket sized unit about half the size of an iPhone. It produces a radiated field about

10 feet in diameter, described as a scalar field. The QuWave Harmonizer generates a bio-electrical magnetic field using electromagnetic scalar field technology developed from the work of Nikola Tesla in the early 1900's.

This device is based on quantum physics developed by Nikola Tesla who was a contemporary of Thomas Edison. Tesla's area of expertise was electrical research. Tesla was responsible for the invention of alternating current, radio (yes, before Marconi), radar, and dozens of other inventions.

The QuWave Harmonizer Concept

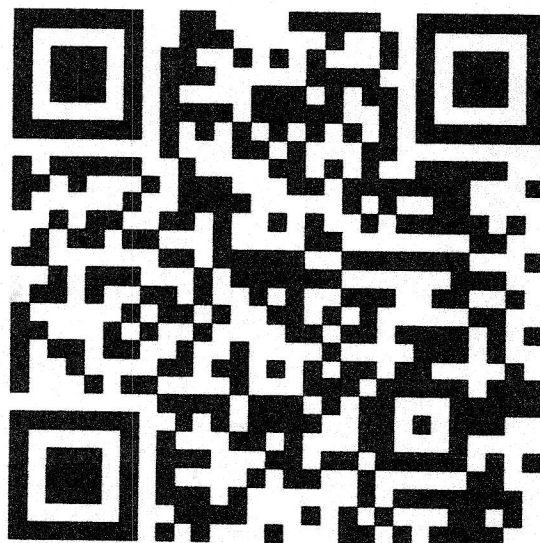

The QuWave Harmonizer acts as a Wave Generator that radiates an energy wave which is the ideal frequency for the functioning of the human body. The body/mind will entrain itself with this soothing frequency and respond in many positive ways.

The QuWave Harmonizer creates a wide sphere of energy around the body which causes the body to resonate with this frequency and block out other frequencies that are stressful to the body. The immune system and the endocrine system work more effectively when there is no load on the adrenal glands. The QuWave Harmonizer can activate and cause the endocrine system to regenerate itself and become stronger and more effectively protect us from the stresses of life.

❖ QUFLEXX DEFENDER FREQUENCIES

QuFlexx generates a scalar field that delivers electrical frequencies to your body's energy system. These frequencies, working with scalar energy, provide varying beneficial effects on the human body and mind.

STANDARD DEFENDER FREQUENCIES – MODE 1

- 174 Hz is a natural anesthetic and pain reliever, providing increased physical and mental security.
- 285 Hz is used for physical healing and restoration, repairing damaged tissue, and promotes bodily security and strength.

PHYSICAL MODE FREQUENCIES – MODE 2

- 10.5 Hz aids physical rejuvenation and restoration, and boosts the immune system.
- 417 Hz energizes bodily cells, promotes proper DNA function, and eliminates destructive influences.

MENTAL MODE FREQUENCIES – MODE 3

- 2.5 Hz promotes the release of endorphins to reduce stress, anxiety, and enhances mental focus.
- 396 Hz eliminates fear, guilt, and negative beliefs, allowing for emotional healing and mental freedom.

CYCLE MODE FREQUENCIES – MODE 4

- In this mode, QuFlexx cycles through each mode at random intervals.

NOTE: During operation, the Frequency One Indicator Light (F1) is lit at a rate that corresponds with the frequency being generated. Lower frequencies, being slower, show as a blinking light. When higher frequencies are being generated, the LED blinks so quickly that it appears to be lit steadily. This is normal and shows that the unit is operating correctly.
